RECORDS

Thorburn, N.S., Jan. 29, 1939.

AGENT'S REPORT FOR QUARTER, DECEMBER 1938.

X X X

The only work available at present consists in the making of baskets and axe handles. The market for these articles is fair but the selling price is rather small, v.g. shopping baskets are sold to merchants in Halifax for 10 cents each. Christmas wreaths were sold around Christmas time but the market was not as good as last year on account of depressed conditions in the neighbouring towns.
