Sheet Steel Ceilings

have many advantages over those of wood and plaster.

There are no expenses for repairs due to leaking roofs and the moving of heavy furniture.

They never crack or warp. They are both fire and water-proof.

PEDLAR STEEL CEILINGS

combine these valuable features with handsome, artistic designs, light and elegant appearance, simple and practical construction, and the highest form of ornamentation. Joints are unnoticeable—use of panels avoided.

Special drawings are made for each ceiling, showing exact position of every piece, without extra charge.

We will send catalogue to those interested in house construction on request.

RHEUMATISM CURED.

DR. M. A. McLAUGHLIN: Dear Sir,—I have much pleasure in stating that the Belt gave me entire satisfaction. I had only to use it a few times till I was entirely cured of rheumatism. Yours truly, E. EVANS, Castle Farm, Teulon, Man.

Drugs have been tried and have failed. You know that, but Dr. McLaughlin's Electric Belt cannot fail; it is Electricity, and "Electricity is Life." It gives you the oil with which to set the machinery of your body in motion, and a few months' use of it will assure you health and happiness for the rest of your life. "It is worth its weight in gold to me," says a recent letter. "I would not sell it for all the gold in Canada," writes another grateful patient. It will cure all Nervous and Organic Weakness, Rheumatism, Lame Back, Kidney and Bladder Troubles, Indigestion, Dyspepsia and all ailments following the effects of dissipation. It will prove of great value to any man who suffers from these ailments.

FREE BOOK. Call and test my Belt free, or, if you can't do that, send for my book about it, also free. Don't delay, as I can help you. My Belt is not sold in drug stores.

Don't Put Your Money

Into Separators that cannot produce the best, the thickest cream

All the large creameries of Minnesota, Iowa, Nebraska, and all the dairy states pay one cent per pound more for cream that contains from 35 to 50 per cent. butter fat than they do for cream testing less than 30 per cent. butter fat.

The cost of shipping cream testing 40 per cent. is only half as much as the cost of shipping cream that tests 20 per cent.

Thin cream retains more of the milk than rich cream, and as the milk becomes sour first the thin cream is the hardest to keep sweet.

By skimming a rich, thick cream, you retain all your skim milk at home, and you will find it a valuable feed for young stock.

Many separators on the market cannot produce thick cream and are therefore unprofitable to buy.

The U.S. Cream Separator makes thick cream and gets all the butter fat out of the milk.
