

SHARPLES Tubular Cream Separators Wear a Lifetime

When you buy a Tubular, you buy for life. Every Tubular is guaranteed forever by the oldest cream separator concern on this continent. We can make that guaranty because we know what Tubulars have done for farmers all over the world, and will do for you.

The World's Best. Different from and later than all others. Double skimming force-skin twice as clean. No disks or other contraptions to wear or wash. Our representative in your town will be glad to show you a Tubular, inside and out.

Can you afford to risk anything on any "peddlers" or other (so-called) cheap machine, the average life of which is one year? No—for when you see the Tubular you will realize that it is far cheaper to buy one Tubular for life than to buy cheap machines time after time. The manufacture of Tubulars is one of Canada's leading industries. Write for Catalogue No. 133
