

Get out of the rut

Give your buildings the benefit of progress—same as you give the farm itself. Cover every building on the farm with Genasco Ready Roofing—the economical roofing that protects and lasts.

Genasco Ready Roofing

is made of Trinidad Lake asphalt—Nature's everlasting waterproofer. It prevents cracks, breaks, and leaks, and does away with damage and repairs. Easily applied without experienced help.

The Kant-leak Kleet does away entirely with cement and large-headed nails. Keeps seams absolutely watertight. Saves time in laying. Makes a beautiful finish. Ask for Genasco rolls with the Kleet packed in them.

Ask your dealer for Genasco. Mineral or smooth surface. Be sure you see the hemisphere trade mark. A written guarantee, if you want it. Gold medal (highest award) Seattle, 1909. Write for samples and the Good Roof Guide Book.

I Will Make You Strong

Take My Belt for What It is Worth. Wear It Until You Are Cured—Then Pay Me My Price

If you come to me and I tell you that I can cure you, I've got confidence enough in my treatment to take all the chances. I am curing hundreds of weak men and women every day, and I know what I can cure and what I can't. If you will secure me you may wear my Belt free until cured.

I know that no man remains a weakling because he wants to. I am sure that you want to overcome every indication of early decay that has shown itself on you. I don't think the man lives who would not like to feel as big and strong as a Sandow; and I know that if you have a reasonable foundation to build upon I can make you a bigger man than you ever hoped to be. I want you to know that, you who can't believe it, and I want you to have my book in which I describe how I learned that strength was only electricity, and how I learned to restore it; also I want to tell you the names of some men

who will tell you that when they came to me they were physical wrecks and are now the finest specimens of physical manhood.

Dear Sir:—Your Belt has done me a world of good. When I started wearing it I had the backache so bad I could scarcely walk across the floor. I put my Belt on as soon as I received it, and wore it about three weeks steadily, and I found myself a well man. I would not take five times what the Belt cost me if I could not get another one like it. You can use my name and letter for an advertisement if you wish. The Belt has helped me and I know it will help others if they try it. I remain, for the good you have done, JOHN GOLDIE, Lock Box 165, Estevan, Sask.

And how is it with you? Have you rheumatism and back pains, a dull ache and weakness over your kidneys, dull headaches, with a tired, stupid feeling? Are you losing your vitality? Do you feel yourself growing aged before your time? Are you nervous, sleepless, short of memory and lacking in spirit and self confidence? Do you know that you are not the man you would like to be?

If so, I can cure you. What you lack is just what electricity supplies.

My Belt will cure you, and if you will come to me you will soon be one of "DR. McLAUGHLIN'S MEN."

We Want Your Help for a Minute

Have you a neighbor who does not take the Farmer's Advocate and Home Journal? If so, tell him about it and secure his subscription. At the same time remember our generous list of premiums which are published on another page.

the sun, rain and frost by the members, as well as by the collector.

The members may only deliver eggs to the "circle" from their own nests; transgression of this rule leads to a fine of 6.75 cents for the first time and 13.5 cents the second time per pound of any such unauthorized deliveries.

The membership list of the "circle" must show the number, the name and position of each member, and the number on the list must be the same as that with which he stamps his eggs. Changes in the list must be reported by the "circle" chairman to the main office. Every member receives—on payment of 5.4 cents—a rubber stamp with ink and pad. The number of the "circle," as well as that of the member, appears on this stamp, and each egg must be stamped plainly and neatly on the big end. The egg collector can only accept eggs which are clean and plainly and neatly stamped. The "circle" directors may temporarily refuse to accept eggs from a member and a member may be expelled by a majority vote at a general meeting or by the main directors.

The necessary capital for paying cash on delivery of the eggs of the members is provided by a loan, the members of the circle becoming responsible for this loan, which is paid to the egg collector, who has to provide a satisfactory bond. The eggs are paid for on receipt at "the price set by the circle" directors. Whatever more the eggs may net is only paid to the members after retaining a suitable amount for the working capital, according to the views of the "circle" directors.

Notice of withdrawal is given to the "circle" directors, but only so as to take effect at the end of the business year. Withdrawn or expelled members have no claim on surplus reserve fund or other assets of the "circle," and they have to return their stamp without compensation, to the "circle" chairman. The board of directors of the circle consists of an uneven number of members, and they are elected at the general meeting. They take care of the business of the "circle" in the best manner possible, seeing to it that the eggs are delivered to the association in the condition demanded. The "circle" directors appoint and discharge the egg collector and other employees of the "circle" determine their compensation and supervise their work. The pay is generally 27 cents per 100 eggs for collecting.

The general meeting elects annually two auditors, who audit the year's account before the end of January the following year. The regular annual meeting is held in the first part of February, in time for eventual suggestions to the main directors, to be submitted to the chairman before February 20. The "circle" sends a delegate to the general meeting of the main association. In case of an eventual dissolution of the "circle," any possible surplus—after settling all liabilities—is to be divided among the members in proportion to the eggs delivered by them during the last year.

Formerly, the main office (directors) printed the weekly quotations to be paid by the circles, but now they are mailed every week privately. The delegates from the circles at the annual meeting of the main association elect a "representation" of even members, four of these, with a chairman from the board of directors, the former being elected for two years at a time, the latter for five years. An executive committee is formed by the chairman, the manager and one member.

Judging by a good deal of experience with patrons of co-operative cheese factories, so-called, and pork-packing establishments in Canada, perhaps the most troublesome snag in the foregoing regulations, which have proved so effective in Denmark, is the one in which the members of the circles bind themselves to deliver all their eggs. Canadians will need to get over some of their go-as-you-please independence in order to make that rule effective. It is the crux of the situation, if a permanent business on that plan is to be developed. Pending co-operative organization, egg-producers, for their own benefit, should at once begin putting into effect the working regulations of the circles regarding the gathering and care of eggs.

CONGO ROOFING

SYNOPSIS OF CANADIAN NORTHWEST
LAND REGULATIONS

ANY person who is sole head of a family or any male over eighteen years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties.—Six months' residence upon, and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside of his homestead. Price \$3.00 per acre. Duties.—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.
