Can You Afford to Support Horses?

THOMAS A. EDISON, the wizard of inventors, says: "The horse is the poorest motor ever built." When you stop to think of it, the horse is about the most costly and wasteful thing at work for a farmer. At best his working time averages only about six hours a day, eighteen hours he rests, yet he eats all year round, working or idle. He eats ten pounds for every hour he works. One acre out of every five plowed, goes to feed the horse. The best horse may get sick; when, besides losing his work, you have veterinary bills to pay. When he dies you have a heavy loss. Since McCormick built his first binder, the tendency of all farming has been away from slow man- and horse-power and toward time- and money-saving machines. Thus far, wherever an

I H C Oil Tractor

has been set to work on a farm, no machine has taken the place of so many horses, or done so much laborious work with so large a saving of time and money. I H C tractors have revolutionized farming. The tractor will plow nearly as much in a day of twenty-four hours as a team of horses plows in a month. There is efficiency for you! Whether you use it for pulling field machines, hauling your produce, threshing, baling hay, or

anything else, the I H C tractor will stand up to the work. In simplicity and strength of construction, ease of operation, durability, and all-around economy, you cannot find the equal of I H C tractors. They are made in all styles and in 6-12, 7-15, 10-20, 12-25, 15-30, 25-45, and 30-60-horse power. The I H C engine line also includes general purpose engines, ranging from 1 to 50-horse power and operating on low and high grade fuel oils, gas and alcohol.

It will be to your advantage to get acquainted with the I H C tractor. See the local agent, and write for facts, figures and information to the

International Harvester Company of Canada, Ltd.

It's not only "the Universal Car"—but the car of universal satisfaction—universal service—universal use. Ford sales exceed all others, by a long cry—for the very good reason that for years the Ford car has given unmatched satisfaction, by a long run.

Think what these prices mean—for the car that has stood the test: Runabout \$600; Touring Car \$650; Town Car \$900—f.o.b. Walkerville, Ont., with all equipment. Get catalogue and particulars from Ford Motor Company of Canada Limited, Walkerville, Ont., Canada.

THE HOME BANK OF CANADA

ORIGINAL CHARTER 1854

A Joint Account with the Home Bank is a very convenient arrangement for a man and his wife, as the wife may deposit or withdraw money in the absence of her husband and the husband may at the same time operate the account as if it were in his personal name only.

Co-operation

THIS is the age of co-operative buying. Send us your address and let us tell you how to buy, by this plan, The Flour that is always good.

Daily Capacity 300 Barrels

ECHO MILLING COMPANY GLADSTONE, MAN.

ARROW AND NITRO CLUB SHOTSHELLS

Made in Canada

WHAT do you pay for in shotshells? Why, plainly for shooting quality which means accurate loads, uniformity, sure fire, care and experience in the making.

Then specify Remington-UMC—Canadian made, from our new factory at Windsor, Ontario. Arrow or Nitro Club smokeless loads. Slightly higher in cost—more reliable in the field.

We will be glad to send a booklet explaining simply many technical points of ammunition manufacture. Your name and address on a post-card brings it by return mail.

Remington-Arms-Union Metallic Cartridge Co., Windsor, Ontario

Why Not Try The Galloway?

I will let you try this wonderful Galloway engine on your own place absolutely free 30 days. I will save you \$50 to \$300 on the price of your engine.

I have a special proposition to the first ten men or more in every township by which you can partly or entirely pay for your engine.

Therefore, before you make up your mind on this engine matter, write to me for my engine book and my best terms. No matter what engine you know about, make up your mind to be thoroughly acquainted with the Galloway engine, Galloway prices, Galloway plans, before you buy any engine of any make.

Remember, we make our engines by the thousands in our own great modern factories at Waterloo, Iowa. We charge only factory cost, plus one small profit, and exact cost of freight and duty. That's

how we undersell anybody in Canada, and give you the top-notch of quality at the lowest prices. Believe me you will save a lot of money simply by seeing my engine book. There is every reason for writing me to-day, right when you are reading this ad. Two cents spent that way will put dollars in your pocket.

Write me to-day; say, "Galloway, give me your special proposition and free book."
