There is almost a wood famine in town at present-a fact which was developed by the cold wave this week. The late wet weather has retarded the harvesting of the turnip crop so that farmers have not been able to bring in wood in any considerable quantities.

The Orangemen's concert last Saturday evening drew out the largest audience ever assembled in the town hall, every available foot of space in the building being taken up by a happy and interested audience. After music by the Brass Band Mr. Clegg stepped forward and in a few neatly put words introduced the chairman, A. McKay, Esq., M. P. P., mayor of Hamilton, who gave a short address, touching upon the dastardly event so happily frustrated upon the 5th of November many years ago, and giving an epitome of other events of the past which were being Kreller. commemorated this evening. At the conclusion of his remarks he introduced were superb, while the very appearance of Fax was indicative of fun. His numbers were all new and even more laughable than ever. The duet by these two, however, might better have been ommitted as their voices do not blend and they were evidently entirely sustained her reputation as an elocutalent and dramatic power while her are added in the totals. Five marks off pleasing, graceful manner won her many for each offence: friends. The Band orchestra appeared to give excellent satisfaction and their numbers were varmly applauded. The stage was attractively decorated with banners, pictures, etc., and presented a WROXETER, brilliant appearance under the bright lights. The ushers seated the immense throng in their proper places in very short order and without any of those unsatisfactory occurrences which often crop up where a large number of seats are reserved. The committee are deserving of much praise for the success of their arduous efforts, and the fact that the net proceeds of this expensive concert were over \$60 shows that they know how to manage an entertainment

No Pleuro-Pneumonia in Howick.

A few weeks ago about 1200 head of cattle were slaughtered in the British quarantine for fear they were infected with pleuro-pneumonia. It appears that one cow in the cargo was attacked with a bad cold, and the excited Board at once ordered the slaughter of the entire shipment. Municipal Politics. Editor Gazette :-- As the present year is drawing to a close and the late Fall months bring the stormy weather, so also does the aspirations of the township officials, as well as would-be officials,

rise to a higher temperature—some exceedingly so, as per your item of a few weeks ago. Well, prospects are brightening up for us poor fellows, as the more hustle and storm about election time, the more pleasant and gratifying to us. We understand our first deputy-reeve, Mr. S. Johnston agreed Jacques, Albert Huth, Helen Ferguson, last year that this would be his las to offer himself to the electors for n Olive Akins, Geo. Padfield, Wesley cipal honors, and now he is bound to, and no doubt will, retire, and we hear many are bound to place Mr. Ferguson, For Junior Second—Essie Milne, Magour present councilman in the north gie Padfield, Elsie Jacques, Robt. gie Padfild, Elsie Jacques, Robt. Bell, division, in for Deputy-Reeve, as he is a Elizabeth Spotton, Jennie Ferguson, James Hoffman. and has filled the position of councillor well and is worthy of the higher position. Mr. Graham's friends are urging him to accept nomination for Second Deputy-Reeve, the position now held by Howick's head representative, Mr. The following report, for the month of Jacques. Mr. J. may retire, but I to take a pretty good vote. He was in the field once but gave way for a neighbor, which was manly of him, and which the ratepayers ought to remember, if he gets the nomination, and give him such a vote as will permit him to write his name "B. Wallace, councilman, 1893." Our friend, Mr. Pitchard, is also spoken of as a candidate for municipal honors, and we also hear the name of Mr. John Magnire, south of Gorrie, as one of the people's favorites for councillor. Another gentleman is mentioned who is no doubt popular and a thoroughly good man, as well as a good business man, Mr. Jas. McLaughlin, of Gorrie, who, if he allows himself to be a candi-

date will poll a very strong vote. Now for the Reeveship. The last contest was between the present Reeve and Mr. Dulmage who is well and favorably known to the electors of Howick, having served them faithfully for several years. He is a man of superior intelligence and would make an excellent Reeve, and, no doubt, if he can be pressed into the field, he will be elected, possibly by acclamation. This should be the case, for why should this office be monopolized by one man for so long when there are just as good and younger men to fill the position. Let the electors be on the alert for no doubt

there will be a "moving in the pool." I will write you again later on when nore facts present themselves as more public opinion is expressed here from time to time. Yours, INDEPENDENT.
