WORK ON THE G. T. P. GOING ALONG NICELY

Another Party Was Started Today-Tenders for Alternate Route to be Awarded in Two Weeks.

Guy C. Dunn, district engineer of tha Transcentinental Railway construction returned last evening from a ten days trip to Ottawa. Regarding the position of the construction work in this province. Mr. Dunn said that there are now foir location parties out between Chipman and Grand Falls. The last party left the city yesterday in charge of A McDonald. This party will work from the Tobique eastward.

The construction of fifty miles from Moncton westward has already been awarded to the Grand Trunk Pacific Co. and work will begin on this section in a few days.

The sixty-one miles of construction awarded to the Lyons and White Co. are already under way. This section is from Grand Falls upward.

The tenders for the construction of several other sections close today, and Mr. Dunn expects they will be awarded in about two weeks. The location surveys on the other sections will be through in September, when tenders

will be called. On his return from Ottawa Mr. Dunn visited several construction parties. The work is being rushed and where the local labor market has not been adequate to the demand Italians have been imported. The pay on the construction work for the laborers ranges from \$1.50 to \$1.75 a day, exclusive of board,

CAMPBELLTON NOTES

A few salmon are being caught on the river, but they are very late in coming up. It is supposed by some that the white porpoises which are being seen in large numbers off Dalhousie are keeping them back. The schools will close on Friday. It

is said that several of the teachers will not return after vacation. The three-year-old son of George

Hamilton of Eel River, who was struck by the train on Saturday evening at Dalhousie Junction, died on Thursday at the hospital in Campbellton. The mother of the child is now a patient in the same institution. The rain which fell so heavily on

Thursday probably saved considerable valuable lumber property. Forest fires have been raging for some time in the country traversed by the Internationa Railway. A public mass meeting was held on Wednesday evening in the Presbyterian church in the interests of the proper

OTTAWA, June 24 .- Doctors at the Water Street Hospital were busy this afternoon getting Portland cement out of the nose, mouth and stomach of Joseph Lucas, and they now say that the man is going to live. He has had narrow escape. Lucas is an employe of the International Cement Company This morning when engaged in loosen ing cement in a immense bin, a wall of the soft, heavy stuff fell and completely buried him. Other employes saw the accident and lost no time in digging the man out. They were none too soon, for they found that he had been badly bruised by the mass and that in his struggles to obtain air he had taken cement into his lungs and stomach. He was removed to the hospital and the doctors had a hard time

ringing him around.

Though the berry crop is short this year, the boxes are going to be up to full size. The officials of the fruit department are looking out for that. In spite of the fact that there was a stacutory size for the berry box, they kept ing in dimensions year by year. The law said that the berry box should contain four-fifths of a quart and that first the inland revenue and then the trade and commerce department should see to it that nothing smaller should be on the market. But the officials of these two departments did not take much interest in the law, and neither did the fruit growers. A couple of years ago they had shrunk to capacity of two-fifths of a quart. the duty of administering the law was turned over to the fruit inspectors. They have plenty of time to do. it as their busy season does not begin until the apples get ripe. Last year teres until the apples get ripe. Last year boxes that the law was to be en-forced. This spring notice was again fort sent out. The result was the inspect-ors have reported that they have found no undersized boxes on the market and the box-makers state that all the orders they are receiving from fruit growers call for standard size boxes. The boxes coming in from the United States are eported to be up to the legal Canadian requirements. Therefore though the price of berries may be higher this year housewives have the satisfaction of knowing that they are getting full
