MONEY TO LOAN Doctors Gave Her Up.

DEWARKARLE EXPERIENCE OF MRS. SALOIS, OF ST. PIE.

La Grippe, Followed by Inflammation of the Lungs, Left Her on the Verge of the Grave—Her Whole Body. Eacked with Pain—Her Husband Brought Her Home to Die, Sut She is Again in Good Health.

Helen Keller, deprived when ninefaced Beath.

In the pretty little town of St. Pie,
Bagot county, is one of the happiest
famlies in the whole province of Quebec, and the cause of much of this
happiness is the inestimable boon of
health conferred through the use of
Dr. Williams' Pink Pilfs. Mrs. Eva
Salois is the person thus restored, and
she tells her story as follows:—Like a
great many other Canadians, my husband and myself left Canada for the
States, in hope that we might better
our condition, and located at Lowell,
Mass. About a year ago I gave birth band and myself left Canada for the States, in hope that we might better our condition, and located at Lowell, Mass. About a year ago I gave birth to a bright little boy, but while yet on my sick bed I was attacked with la grippe, which developed into inflammation of the lungs. I had the very best of care, and the best of medical treatment, and although the inflammation left we did not be the state of the lungs. I had the very best of care, and the best of medical treatment, and although the inflammation left we did not set the large of the state of the lungs. I had the very best of care, and the best of medical treatment, and although the inflammation left we did not set the large of the lungs. I had the very best of care, and the best of medical treatment, and although the inflammation left we did not set to complete her final preparation for Radeliffe.

Much was printed several years ago oncerning this exceptionally gifted strip. She is developing into a woman of beauty and attainments. She is full filling all the promise of her younger years, when Richard Watson Glider and the promise of her younger years, when Richard Watson Glider and the promise of her younger years, when Richard Watson Glider and the promise of her younger years, when Richard Watson Glider and the promise of her younger years, when Richard Watson Glider and the years are the promise of her younger years, when Richard Watson Glider and the years are the promise of her younger years, when Richard Watson Glider years, when Richard Watson G reatment, and although the inflamnation left me I did not get better, but

Her father is an editor in Fuscumbia, Ala. He is a descendant of the bar. Ala. He is a descendant of the Fairfaxes of Virginia, and her mother was a Massachusetts Adams. She inherited a taste for literature and the study of languages. study of languages.

She lost three of her senses when an infant, and practically nothing was done for her education until she was taken in charge when 7 years old by

bealth and strength I owe to the mark vellous powers of Dr. Williams' Pink Pills and in gratitude I urge all sick people to try them.

Dr. Williams' Pink Pills create new blood, build up the nerves, and thus drive disease from the system. In hundreds of cases they have cured after all other medicines had failed, thus establishing the claim that they are a marvel among the triumphis of modern medical science. The genuine Pink Pills are sold only in boxes, bearing the full trade mark, "Dr. Williams' Pink Pills for Pale People." Protect yourself from imposition by refusing any pill that does not bear the registered trade mark around the box.

A WOMAN'S WORRIES

The solf heard, that her accent and emphasis a entirely natural.

At the recent meeting of the "Amesis a rectire of the Board and Englant and E Would be few Were it not for Her Aches and Pains—Fewer Still to Men and Women Alike, Were the Great South American Remedies in Every House.

No case of rheumatism or neuralgia of so long standing that it will not succumb to the wonderful south American Rheumatic Cure. Mrs. John Beaumont, Elora, Ont., says:—"For 15 years I have been an intense sufferer from rheumatism. At times confined to my hed. I doctored with all the local physicians, but with little or the state of the state of

fined to my bed. I doctored with all the local physicians, but with little or no relief. My recovery was almost despaired of. I was induced by a friend to try South American Rheumatic Cure. After taking a few doses I was able to sit up, and when four bottles had been taken I was as well as ever. When it is remembered that the pain was so intense at times that I could not be moved in my bed I can but say that my cure has been a wonderful one.

The most insidious of all diseases are perhaps those of the Kidneys, and it is

POWER OF LITTLE THINGS.

The preacher spoke of little things,
Their influence and power,
And how the little pitted speck
Made all the apple sour.

He told how great big sturdyoaks From little acors grew. And how the tiny little stone The burly glant slew. But the cyclist sat there unimpressed By all the speaker's fire. Until he went outside and found A pin had pierced his tire.

FRANKVILLE. Monday, August 10.— Farmers are ow very busy at harvesting and report

good crops.

Miss Etta Livingstone, of Athens, is
the guest of Miss Addie Richards.
Miss Gertie Gallagher has returned
home after spending a few weeks st Ottawa.
Miss Laura Mitchell will give a lawn

party on Tuesday evoning. About forty are expected to attend. A number of our young men spent last week in Brockville. Among them were, F. B. Stewart, A. Hanton, J. C. Eaton, D. L. Johnson and A. Crummy. All report having had an excellent time.

Hair Restored to Natural Color.

Hatr Restored to Natural Color.

I have used many preparations for restoring hair to natural color, but never had satisfactory results till I used Zulu Vulier; It will restore any hair or beard to its natural color in three weeks. If it does not they return your money, so you take no risks. People who have never tried it can get a sample package which contains enough sample package which contains enough to restore any one's hair to natural color, by sending 21 2-cent stamps, to Wilson & Co., New Corcord, Ohio.

Wilson & Co., New Corcord, Onio.

The regular price is \$2.50 per package. If it does not restore your hair to natural color, or make any color of hair darker in three weeks, they will return your stamps. This proposition is so fair that thousands are using it. It is harmless, but never fails. Why can't big money be made selling Zulu Vulier from house to house?

A Chance to Make Money,

busily engaged securing their harvest, which is all ripe. Mr. and Mrs. Towriss visited Pres-

cott and Ogdensburg recently. We saw an account of the of the popular evangelist, Mr. Vermil-yea, of Belleville, to Mrs. Miller, of Napanee, widow of the late Rev. W.W.

Miss Rebecca Rowsom has returned home from New York, accompanied by lady friend. Rev. U. E. Brown and family have returned to their home after a week's

visit with his parents.

Miss Jeanette M. Kelly has returned nome after rusticating at Charlest a for few days. Miss Essie Steacy has gone on risit to her friends at New Dublin.

CONQUESTS FOR MEDICAL SCIENCE.

A Bad Heart—Chronic Catarrh—Vanish at the Touch of Dr. Agnew's Wond-erful Cures. "I tried Dr. Agnew's Cure for the

Heart and obtained immediate relief. I have taken four bottles and now am entirely free from every symptom of heart trouble, and I hope that this statement may induce others troubled as I was to give this most valuable remedy a trial," writes Thomas Petry, of Aylmer, Quebec. You can readily verify any testimonial quoted in commending this wonderful discovery of modern medical science. Thousands have tested its curative qualities after having "doctored" for years, and were pronounced hopeless cases. If as a last resort it has proved such a boon, what suffering would be spared it, when the slightest uneasiness at the modern medical science. The a last resort it has proved such a boon, what suffering would be spared it, when the slightest uneasiness at the heart is experienced, Dr. Agnew's Heart Cure were tried. CATARRH—" I should not feel

dred whose eyes will me t this is to a in the high endorsation of the medical pro-fession it enjoys, and your case is hopeless while Dr. Agnew's Cat rhal Cure is to be had. Sold by Lamb & Son.

HERMAN SUDERMANN.

Marble Memorial Recently Unveiled by the Emperor of Austria. and put in place.

know him say he is as sunny as southern Italy and a perfect optimist. Sudermann has no sympathy with the deciduous school of France. He says its men are ephemeral, whose buzzing may strike the ear sharply but who cannot outlike one sun. This German realist lives in pretty apartments in Berlin near the Berliner "Zoo." Here he spends most of his time with his wife child, books and work. He reads English, and is especially fond of Dickens, Thackeray. Scott, George Ellot and Lytton: Kipling, of living writers, he likes best. Herr Sudermann will soon visit America. GASTON PARIS.

The Gentleman Who Recently Becam One of the French Immortals. Gaston Paris, who has recently been listed as one of the forty immortals of the French Academy, is one of the most profound philologists in all Europe. The honor which has just been conferd upon him is, perhaps, the only one of its kind that M. Paris lacked. He was already a member of more than half the learned societies on the con-tinent, among them the academies of Munich, Rome, Vienna, Turin and Ber-Munich, Rome, Vienna, Turin and Ber-lin. In 1886 he was promoted officer of the Legion of Honor. His writings are among the most crudite contributions to the science of letters. His first book, brought out in 1882, dealing with the part played by Latin in the language

Europe. He founded in 1866 the Revue Critique, in 1872 Romania and more recently the Revue Historique. Gaston's early life was that of the student chiefly. He was born at Auvenay in 1839. His classics were imbibed at Roilin College, and he studied at Gottingen and Bonn. His acquaintance with the nce languages was gained under Romance languages was gained under Profesor Diez. When he returned to France, M. Paris entered the Ecole dea Chartes, studying law at the same time, In 1865 he took the degree of doctor of letters, and in 1876 was elected a mem-ber of the Academy of Inscriptions.

HERMAN SUDERMANN.

THE GREAT GERMAN REALIST AND MOST FAMOUS PLAYWRIGHT.

The Striking, Handsome Man Whose Play "Magda," is Causing the People Who See It to Shudder-Read Hima Orinist.

Herman Sudermann, whose problem play "Magda," is now causing the people who see it at the Lyceum in London to shudder, is the Ibsen-Tolstot-Zoia of Germany. He is a realist whe tried to be a teacher, gave up pedagogy for play making, just escaped starving to death, and then wrote "Die Ehre," a play, and became rich and famous. His parents were poor, but he managed to attend a symnasium and a college. After tiring of teaching school he tigled editing a small weekly political paper in Berlin. Then he hurled about and was said to be more Ibsenish than Ibsen himself. His play "Helmath" is said to be the crowning triumphör the German drams of to down restricted than the top senish than Ibsen himself. His play "Helmath" is said to be more Ibsenish than Ibsen himself. His play "Helmath" is said to be more Ibsenish than Ibsen himself. His play "Helmath" is said to be more Ibsenish than Ibsen himself. His play "Helmath" is said to be more Ibsenish than Ibsen himself. His play "Helmath" is said to be more Ibsenish than Ibsen himself. His play "Helmath" is said to be the crowning triumphör the German drams of too day, Personally, Sudermann is very interesting, He is strikingly handsome, with such spirited manners as to be more French than Teutonic. Those who read him say he is a cynic. Those who read him say he is a cynic. Those who read him say he is a cynic. Those who read him say he is a cynic. Those who read him say he is a cynic. Those who read him say he is a cynic. Those who read him say he is a cynic. Those who read him say he is a cynic. Those who read him say he is a cynic. Those who read him say he is a cynic the help of the German drams of too of the falls and warning of impending danger; while below the falls one might approach with a light boat to within the water which comes through it is more quiet. It is cut in black trap ro the Kakabeka talls that he managed protage, The lower course river is through a deep sorge

A WATER TELESCOPE

erman Which Daily Fills His Simple-Blinded Neighbors With Food For

The principle of the water telescope, so long used by fishermen to detect the presence of fish far below the surface of the water, has been successfully applied to the construction of a pleasure

of the water, has been successfully applied to the construction of a pleasure boat.

An eighteen foot naphtha launch with a glass bottom has been constructed by a Newfoundland genius and the experiment has proved a success to the extent that occupants of the boat can, while cruising about, see distinctly objects many feet below-the surface of the sea.

The little craft darts every day through the water of Trinity Bay, Newfoundland, and creates as much wonder and speculation among the simple-minded natives as would the appearance of a strange fish, At present the little glass-bottomed craft is

A SUBMARINE PEEPSHOV

used by the owner and inventor simply for pleasure and an amateur's study of the mysteries and curiosities of the waters of the bay.

But Pierre St. Felix, the inventor and owner of the curious craft expects to

owner of the curious craft, expects io make a comfortable living out of it. He has had the idea for his boat ever since, as a fisher lad at Catalina, he made his first water glass by setting a rusty tin can. He noticed how whe he put this glass-bottomed can belo the surface of the water, so as to avoi refraction, he could see many feet in the depths of the water. As he leane the depths of the water. As he leaned over the side of his boat, looking into the water until he was stiff in the back, little Pierre thought what a good idea it would be if he could fix his glass in the boat's bottom so that he could see the water without bending over. He kept his idea to himself, however, and it was not until the preshowever, and it was not until the pres-ent year, when he is a grown man with many years of experience with the danger of the rough sea, that he sees

danger of the rough sea, that he sees his idea a reality, and one that is likely to carry him past the necessity of dangerous work forever.

The greater part of the eighteen feet of St. Felix's boat in the bottom, is taken up with the glass. It is arranged in three divisions, fitted close with strips of heavy leather at the edges to prevent leaking. The glass is an inch thick Ranged along the length of the boat,

so as to inclose the glass on every side, there are fixed chairs, arranged in position so that a sitter may look downward without the slightest effort. Catalina is sixty miles north of St. Johns which is symbolic of the man's art. The chief parts of the monument are of white marble. The whole rests upon a base of polished granite. The work was designed and executed by Professor Victor Tilgner, who died only one week before the Emperor unveiled the monument. It is said to be one of the monuments. The standard to be one of the monuments. monopolized the greater number of vis monopolated the greater hander of itors, and many curious sights were seen. The bay abounds in curious fish, for close to the shore thre are more than 13,000 varieties. Hammer-headed sharks keep just beyond the reach of those who hunt for them, sword fish sport gally about, and as seen through the bottom of St. Fellx's water boat, tude of fish, the great beds of sea weed

"As the representative of a great rause," continues Prince Victor, "I will never abdicate the duties which my name imposes on me. I can patiently support misfortune. I am one of those who face resolutely but coolly a future in which my faith remains unshaken." The young man's friends have great faith in the possibilities of the translate the "Odyssey" atter paying Broome and Fenton his assistants, he made about \$2,500. To Broome and Fenton he paid \$50 for each book Broome did eight books, Fenton did four. I would be pleased to translate the "Odyssey" at the trate of £50 a book—that is, for £1,200 altogether. A better price is not likely to be got to-day, and I have known a much smaller price offered known a much smaller price offered Pope got far more—£3,500 for twelve books—but that was because of his name. Broome and Fenton were not likely to get more than they did it open market, and no publisher would offer so much to ordinary men of letproduced a translation of Homer to-morrow, I doubt if he would be of-fered £3,500. Perhaps Lord Tennyson might have secured that sum, for his name and fame were justly great in the land.-Longman's Magazine.

The Mamelukes. The Mamelukes.

The Mamelukes were a military body, composed of the descendants of Circassian slaves. In 1254 they made one of their body Sultan of Egypt, which country, they governed for 260 years.

Their dynasty was overghrown in 1517 by the Ottoman Sultan, Selim I., who appointed a Turkish pasha over Egypt though the Mamelukes still remain days or governose of the provinces.
