SAVE FOOD

In a time needing food economy many people are not getting all the nourishment they might from their food. It is not how much you eat, but much you assimilate that does you good.
The addition of a small teaspoonful of Bovril to the diet as a supplement before meals helps to digest thoroughly and assimilate and thus saves food, for you need less.

United Fruit Company

The report of the Board of Management in detail with the report of the apple crop. It will be found that portion of our business with the statement that has been put in to carry out the policy that we have adopted of increasing the acreage of our orchards and that our business is being carried on in a most satisfactory manner.

Two Questions

With so many low-priced so-called anti-skids obtainable, would that great host of motorists pay more for Dunlop "Traction" Tread if they could get its merits elsewhere?

Also, would that other large list of car owners buy "SPECIAL" if tires which somewhat resemble it in appearance resembled it in efficiency?

SPECIAL DUNLOP TRACTION

Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.
What is CASTORIA
Castoria is a harmless substitute for Castor Oil, Peppermint Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS Bears the Signature of
Fletcher's
In Use For Over 30 Years
The Kind You Have Always Bought

JOB PRINTING

We print Wedding Invitations, Calling Cards, Letter Heads, Note Heads, Statements, Bill Heads, Envelopes, Shipping Tags, Business Cards, Receipt Forms in all the latest styles of type.

United Fruit Company

At the meeting of the Board of Management held on July 1st, 1918, the President, Mr. F. W. ... gave the following annual address.
PRESIDENT'S ADDRESS
GENTLEMEN—It is a pleasure and well as a duty to welcome you to our sixth annual meeting, and to give you a hasty outline of the year's proceedings, and to discuss with you the general situation, in the hope that it will assist us in guiding our future business along the most profitable lines.

The great war, with its waste of human life and capital, is still in progress. The most optimistic of us hope that a victorious conclusion can now be far distant. As apple growers, with from fifty to ninety per cent. of our capital in apple orchards, we have found it more difficult than the stockman or grain grower to adjust to the great conflict. In most cases the greater portion of our land is in apple orchard. This must be cared for and protected even if we know that the product will be marketed at a loss, for we know that one year's neglect may spoil the crop for the next two years. Land covered with orchard is of course unsuitable for other crops. Our equipment of machinery, as well as the training of our help, is along the line of growing and marketing apples, and it is therefore impossible for us to grow field crops, such as wheat and other grains, to the extent and with the success that we desire at the present time. In spite of these handicaps there is no doubt that our members have done very well this year.

When I say that our members are eating for their orchards as well as for their pockets, I mean just that. It is true that there has been a decrease in the quantity of spraying material used, but this has been a most unusual year, and has been due to the fact that the apple has been found to be free from the pest of the apple tree, and has been able to plant these crops. They have watched the weather and the condition of their apple trees, and with the power sprayer and spray material ready for use, have planted their crops so long as the weather continued dry and fine. We had this year, experienced a normal season, there is no doubt but that the quantity of spraying material used among members would have been normal. The point that I wish to impress upon you here is that the decrease in the amount of spraying material need not appreciably injure either the trees or the crop on them. This carries of intelligence and good judgment on the part of our members promises to result in their having not only clean crops of apples but the largest crop of field products that they have ever had. In this way their financial position will be improved.

How this Nervous Woman Got Well
Told by Herself. Her Sincerity Should Convince Others.
Christopher, Ill.—"The four years I suffered from irregularities, weakness, nervousness, and was in a bad way. Two of my best doctors failed to do me any good. I was told to take what you call 'Fletcher's Castoria.' I tried it and was cured. I am no longer nervous, and in excellent health. I believe the Compound will cure any female trouble."
Nervousness is often a symptom of weakness and functional derangement, which may be overcome by the taking of food and health remedy, such as Fletcher's Vegetable Compound, as thousands of women have found by experience.
If you are afflicted with nervousness, write to the following address, and we will give you suggestions in regard to your ailment. The result of its long experience is at your service.
Fletcher's Castoria, 319 North Dearborn Street, Chicago, Ill.

Public Notice

Men 19 and 20 Years of Age.
Harvest Leave.
Leave of Absence on Ground of Extreme Hardship.
Procedure to obtain Leave of Absence.

It has come to the attention of the Government that there is a widespread impression that young men of nineteen years, and those who became twenty since October 13, 1917, as well as those who may become nineteen from time to time and who have been or will be called upon to register under the Military Service Act, are to be immediately called to the colours.
This impression is quite incorrect. No date has yet been fixed for calling upon such men to report for duty, nor has the question been brought before the Cabinet for decision. In view of the need of labour on the farm, it is most unlikely that consideration will be given to the matter until after the harvest is over, although of course the Government's action must be determined primarily by the military situation.

There is no further obligation incumbent upon young men of the ages above mentioned who have registered or who do so hereafter, until they receive notice from the Registrars.
Harvest Leave.
Some enquiries have been received as to the possibility of granting harvest leave to such troops as may be in the country at that time. No definite assurance can be given on this point as advantage must be taken of ships as they become available. On the other hand, harvest leave will be given if at all possible.
Leave of Absence on Grounds of Extreme Hardship.
It is desired that the Regulations respecting leave of absence in cases of hardship should be widely known and fully understood. Such leave will be granted in two cases:—(a) where extreme hardship arises by reason of the fact that the man concerned is either the only son capable of earning a livelihood, of a father killed or disabled on service or presently in service overseas, or in training for such service, or under treatment after returning from overseas; or the only remaining of two or more brothers capable of earning a livelihood (the other brother or brothers having been killed or disabled on service, or being presently in service overseas); or (b) where extreme hardship arises by reason of exceptional circumstances such as an invalid father or other helpless dependents.
It is to be noted that in all these cases the governing factor is not hardship, loss or suffering to the individual concerned, but to others, that is, members of his family or those depending upon him.

Procedure to obtain leave of absence.
A simple system for dealing with these cases has been adopted. Forms of application have been supplied to every Depot Battalion and an office of each battalion has been detailed whose duty it is to give them immediate attention. The man concerned should on reporting to his unit state that he desires to apply for leave of absence on one or more of the grounds mentioned and his application form will then be filled out and forwarded to Militia Headquarters, Ottawa. In the meantime, if the case appears meritorious, the man will be given provisional leave of absence for thirty days so that he may return home and continue his civil occupation while his case is being finally disposed of.
ISSUED BY DEPARTMENT OF MILITIA AND DEFENCE,
DEPARTMENT OF JUSTICE.
