## LONDON LONELINESS.

W. T. Stead Aims to Banish It Utterly.

New York, Oct. 18.—The Sun's London correspondent sends the following: W. T. Stead has come forward with a scheme to break down the unsociability which seems inherent in Englishmen. His object, he says, "is to get rid of the loneliness of London—one of its greatest curses; to overcome the prevalent stand-offishness; to avoid the formality of introductions, and promote friendly feelings among people who otherwise would not know each other. Personally I am willing to talk to anybody in the wide world—always provided, of course, that he won't pick my pockets."

He has, therefore, established a flag section of the Roundabout Club, of which he is President. Every member of the section is supposed to procure two miniature flags, one English and one foreign, and to wear them in his buttonhole. To sport these emblems means that you are willing to talk to your fellow creatures without an introduction.

If, at any particular moment, you are too busy for conversation with a casual stranger, all you have to do is to turn your flag down, like an engaged taxicab, and then the world will know that though you are by habit and choice a sociable soul you are for the time being run off, as it were. You need not join the Roundabout Club. Anybody who wants to help in breaking down this vice of unsociability is invited to beflag himself. One can imagine a confirmed unsociable eagerly decorating himself with two upright flags, trusting with all confidence in the ingrained nature of his fellow-countrymen that this advertisement of his eagerness to talk with anyone, chance companions will make them avoid him like the pest.

TO BE INVESTIGATED.

Were Life-saving Crew Absent From Their Post.

Ottawa, Oct. 18.—The Marine Department is looking into the charge that the crew of the life-saving station at Point Pelee were absent when the American steamer Stone went ashore and several of the crew were drowned, who could have been saved had help been at hand. The station is manned by a volunteer crew over whom the department has no control beyond requiring a certain number of drills a year for a small annual payment.

THE JAPANESE BUDGET.

It Shows a Reduction of Taxes of \$4,500,000.

London, Oct. 18.—An outline of the Japanese budget which has been received here, shows an ordinary revenue of \$243,000,000, and an extraordinary revenue of \$25,000,000, ordinary expenditure \$211,000,000, and extraordinary, \$57,000,000. Taxes are reduced \$4,500,000 for 1910-11 and \$5,000,000 for 1911-12. The sum of \$96,500,000 has been appropriated for the national debt, of which amount \$30,500,000 is for the redemption of the principal.

French-Canadian Boys to Go to Bisy.

Montreal, Oct. 18.—The Mount St. Louis Cadets, which are composed of together of French-Canadian boys of 10 to 20, pupils at the Mount St. Louis Institute, have decided to send a team of eight cadets to the rifle meet at Bisy next year. Forty of the regiment, which is composed of eight companies, shot off at the ranges for places, and the eight highest were picked to go with the Canadian team.

Jopling Brothers Indicted.

Peterboro, Oct. 18.—A true bill on a charge of manslaughter was this afternoon returned against Harry and Fred Jopling, committed for trial by Magistrate Edmison on Sept. 29. The charge arises out of the death of Arthur Boillard, of Toronto, in Chemong Park, on Aug. 27 last. Their trial will go on to-morrow morning in the Criminal Assizes, which opened this afternoon.

## BLTYHE'S TRIAL

Application For Change of Venue is Refused.

Murder Trial of Case Will Go on To-morrow at Toronto.

Toronto, Oct. 19.—"I cannot attach sufficient importance to the proceedings of an indignation meeting at Agincourt to allow a change of venue. It is much to be regretted that men should have allowed themselves to pass such a resolution when a man is on trial for his life, and still more to be regretted that a sensible lot of men should have made use of such extravagant expressions as were made use of at that meeting. I have been asked to give undue importance to a small meeting held in a little hamlet, the proceedings of which I do not think will serve to influence any of the jurors upon the present panel, as it has not been shown that any of them come from that neighborhood. I think twelve men can be readily secured from the present list of petit jurors to deal with the evidence in a sensible way."

With these remarks, Mr. Justice Magee, who is the presiding Judge at the present sitting of the Criminal Assizes which opened yesterday in the City Hall, refused the application of Mr. T. C. Robinette, K. C., for a change of venue in the case of Walter Blythe, the Agincourt murderer, on the grounds that it is impossible for the defendant to receive a fair and impartial re-trial on account of the publicity given in the newspapers to the proceedings of the recent Agincourt meeting.

Upon hearing the decision of the court Mr. Robinette asked that the case be traversed till the next sitting of the Criminal Assizes, but his Lordship would not consent. Mr. Robinette then stated that he would enter an appeal against the decision of his Lordship.

Mr. George T. Blackstock, K. C., who is Crown prosecutor at the present Assizes, informed the court that he would be ready to proceed with the trial of Walter Blythe, to-morrow morning.

## WHITE PLAGUE.

Ten Thousand Victims in New York Each Year.

New York, Oct. 18.—A group of distinguished physicians and philanthropists, constituting the Anti-tuberculosis Committee, appeared before Mayor McClellan to-day and urged that \$487,000 be set aside by the Board of Estimates to reduce an economic loss estimated at \$15,000,000 yearly to this city alone, caused by the ravages of tuberculosis.

Robert W. DeForest, President of the Charity Organization Society, declared that of 44,000 tuberculosis sufferers in New York, but 16,000 were receiving proper medical attention, while there are he said, 24,000 new cases and 10,000 deaths each year.

Twenty thousand cases on the books of the Health Department have moved since they were registered, and their present whereabouts are unknown to the department. None of them is counted as receiving proper care.

SPEND HER FORTUNE

To Win Votes For Women, Says Lady Cook.

New York, Oct. 18.—Lady Cook, better known in America as Tennessee Claflin, who arrived here to-day by the White Star line steamer Celtic, says that she is ready, if need be, to spend \$100,000, all her fortune, to win votes for women. She will place the money, she says, with New York bankers.

"I am going right to President Taft," Lady Cook continued, "to see if I cannot get him to do what Lincoln did, but by peaceful measures. I shall call the President's attention to the fourteenth amendment of the constitution. The constitution says that only idiots, the insane, and convicts may not vote, and so did his mother, Queen Victoria, before him."

Lady Cook represents the Women's Freedom League, the British organization that is seeking woman suffrage by peaceful methods.

JAPAN'S FIELD MANOEUVRES.

Kitchener to be British Observer—70,000 Men Will Participate.

Victoria, B. C., Oct. 18.—Great preparations are being made for the annual manoeuvres of the Japanese army early next month, in which more than 70,000 men will be engaged. Military airships and wireless will be used. News of the preparations is brought here by the steaming Montague. The artillery corps is being equipped with new field and machine guns for the occasion.

China will send several officers to witness the tactics, and Gen. Viscount Kitchener will be one of the British observers. He will go direct from India on the expiration of his term there and will go direct from Japan to England.

Further advice brought by the Montague says that Japanese officers are making strenuous efforts in China to force China to stop the threatened boycott, and the Chinese newspapers have received an intimation that they will be suppressed if they advise their readers to use the boycott.

TO EXTRADITE RUSSELL.

Proceedings Begun Before Commissioner at Cleveland.

Cleveland, Ohio, Oct. 18.—The hearing of W. L. Russell, the Lima man who is wanted in Canada on several charges of fraud in connection with mining deals, began before United States Commissioner Walther to-day. Russell proposes to fight extradition proceedings, and has a number of friends here attending the sessions. The day was devoted entirely to the reading of depositions bearing on the case and nothing of importance transpired. Commissioner Walther said the hearing would take up several days.

Wire Tapper Sentenced.

Buffalo, Oct. 18.—James B. Waddell, of Lakewood, Ohio, was to-day sentenced to not less than one year nor more than two years at hard labor in Auburn Prison. Waddell is one of three wire-tappers captured in a house on Dewitt street, where they were found with telegraph instruments connected with a wire tapped on to a line of the Federal Telegraph & Telephone Company.
