The rates came into effect on July 9 between all points in Canada and Europe.

Relieved Rheumatism Too, Says Contractor

Thousands of people everywhere have learned of Tanlac through the statements of others and have taken the treatment with such splendid results that they in turn deem it only fair to relate their experience for the benefit of suffering humanity. Such is the case with L. Desormeaux, well known Electrical Contractor, living at 1066 Berrill St., Montreal, who says: "I couldn't do otherwise than publicly endorse Tanlac for I was lucky to find out about the medicine the same way myself. For nearly a year I suffered from indigestion and also had rheumatism in my legs. About a month ago I was

laid up in bed for two weeks with this rheumatism and a bad case of grippe. I lost about eight pounds and felt miserable. "Three bottles of the Tanlac treatment, besides greatly improving my rheumatism, has made my eating and digestion better than they ever were. I have regained my lost weight, and am feeling extremely well. Tanlac is great." Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold. Sees Civilization Peril In Europe

Methodist ministers throughout the Dominion, Newfoundland and Bermuda are urged, in a circular issued by Dr. H.D. Chown, general superintendent, to preach on the subject "world peace" on July 29. The circular says in part. "The nations of Europe appear to be dancing a dance of death upon the very verge of a moral volcano, whose eruption may at any moment lay civilization in ashes and us in our graves. Germany and France are holding the world in critical suspense. At any moment a continental calamity, beyond either measurement or control may result from their bitter animosities.

"Atrocious as world conditions are, they are not as appalling as the nerveless apathy of multitudes otherwise thoughtful people to the imperatives of human safety."

Scientific experiments recently made show that men who work nights require seventy-five per cent more food than day workers.

U. S. Flooded With Bogus Antiques

The United States is heavily flooded with bogus "antiques" and the Metropolitan Museum of Art in New York has been buying spurious pieces for years. Jean Vigoroux told the court in Paris at the opening of his trial on charges of diverting funds and art treasures, filed by the Parisian antiquarian, George Joseph Demotte, whose New York branch was formerly managed by Vigoroux.

The specific charges against Vigoroux are based on the alleged diversion of \$7,000 of the branch's funds and the disappearance of Persian manuscripts valued at 1,000,000 francs, later recovered by M. Demotte. Vigoroux was arrested when he returned to France, as he claimed to obtain justice.

Vigoroux denied any wrongdoing offered explanations of the alleged irregularities and turned the trial into a public denunciation of Demotte as "the world's greatest antique fakir."

Editors of Canada's Weekly Newspapers Photographed at Halifax.

NO annual convention trip which the Canadian Weekly Newspaper Association has ever taken has been more memorable than that which has just been completed. Newspaper men from all parts of Canada—from as far west as Vancouver Island, B. C., and as far north as The Pas, Manitoba met together at Toronto to board the special Canadian Pacific train that was to take them by a series of easy stages to Halifax, Nova Scotia. The editors and their wives and some children numbered altogether about 180, and it took a train of twelve cars to accommodate them. The train was made up of eight standard sleepers, two diners, a baggage car, and a compartment observation car which added greatly to the comfort of the trip. The train was manned by a picked crew of operators and stewards and was accompanied by W. B. Howard, Assistant General Passenger Agent, and Mr. J. Harry Smith, Canadian Press Representative of the Canadian Pacific Railway. The success of the trip was to a large extent due to the organizing ability of E. Roy Saylor, Manager of the Association. Pulled by one of Canada's finest locomotives the train made a special run to Montreal arriving there ahead of time schedule, and the party was joined by many Quebec members. The next stop was at Fredericton, N. B. where the citizens joined in a splendid welcome to the travellers.

The Lieutenant Governor, and Premier Veniot of New Brunswick gave a reception and dance in the Legislative Chamber, and the party moved on to St. John where similar hospitality was enjoyed. On the Canadian Pacific steamer "Princess" the party enjoyed a delightful sail to Digby, N. S., from where the trip through the Annapolis Valley to Halifax was made over the Dominion Atlantic Railway. The wonderful orchards and dike-lands of the Evangeline country were looking their best and a stop was made to visit old Port Anne at Annapolis Royal where much of the early history of Eastern Canada was made. A Kenville's fine band turned out with the population to greet the newspaper people, and here as in most other places touched, citizens came with autos to give the visitors a glimpse of the surrounding country. The ancient city of Halifax outdid herself in hospitality, and here the annual convention was held. At one of the meetings it was decided that the annual trip would next year be to England and France. The members will thus have a chance to visit the great Empire Exhibition at Wembley. The return trip was made via Canadian National to Quebec where the party was entertained by the Canadian Pacific at the famous Chateau Frontenac. The newly elected president of the Association is J. E. Fortin, of "Le Melanreux," Beauveille, Que.
