THE RIGHT HOUSE, J. M. DEVINE'S, 167 Water Street, East, Where the People Go!

BUYING in this age is now almost reduced to a science. It behoves every house keeper to squeeze as much purchasing power as possible out of her dollar. To watch and read the offerings of the storekeepers through the newspapers should be the exclusive department of one of the family circle—these are trying times with the cost of living climbing higher and higher every day. You will always find in Devine's advertisements a wealth of money-saving information—a message from bargaindom, and a ray of hope for the family of scanty means. The following is of mrc importance to you Mrs. Housekeeper than any item in this paper. Read it first, it is a story of interest.

First Floor—Table No. 1.
206 dozen Ladies' Underwear,
Splendid Value,
30c. per garment.

First Floor—Table No. 3.
509 Ladies' Coats, (Job)
at \$2.50 each.
You should see this line.

First Floor—Table 5.
20 doz pairs Men's Linen CUFFS,
at 10c. pair.
And 100 dozen Men's Linen Collars,
at 10c. each.

A MAGAZINE OFFER.

The rapidity with which the circulation of MacLean's magazine has increased in both news stand and by subscription during the past eight months, is sufficient evidence of its popularity among the most intelligent readers. With the steady progress the magazine has been enjoying, there has been a marked improvement in the contents of each issue. To-day MacLean's stands foremost among all Canadian and American publications. As an inducement to subscribers we offer the magazine for the balance of this year and the whole of 1912 for the yearly subscription price of \$2.00 post paid in advance.

City Council Meeting.

Mayor and full Board were present. A letter was received from Hon. R. Watson, Colonial Secretary, intimating that the Government would retain possession of the building site on Duckworth Street, east of Seaplan's Lane. Mr. W. F. Butler will not be given permission to erect a building there.

Mr. Fred Canning, of Theatre Hill, protested against the erection of a bakery near his residence. He contended that it would increase insurance rates of his property. Councillor Mullaly strongly opposed the erection of the building, permission for which was given at last meeting. He made a strong plea on behalf of Mr. Canning whose protest as a taxpayer should be considered. Engineer Ryan was requested to make an investigation and report. W. H. Renale, of the Gas Co., sent in a complaint re the taxes on coal which they use in making gas. The question will be debated at next meeting.

Inspector General Sullivan requested the Council to order the removal of sign boards over old railway track at Forest Road and King's Bridge Road as they were a source of danger. Councillor Mullaly objected. The board was used for advertising, and Head Constable Sparrow reported that it was sound and safe. Councillor Coaker suggested that the part of the posts that was underground might be decayed. It was decided to request the R. N. Co. to remove the signs. Engineer Ryan will report on alleged damage by water to James Martin's property, Casey Street. The application of W. A. Ellis on behalf of Lever Bros. to use the wall at McBride's Hill for advertising purposes.

Councillor Mullaly suggested that they be given space at a specified rate per square foot. It would be a source of revenue to the Council. Councillor J. Frick said that public property should not be used in this way. It was moved by him, seconded by Councillor Coaker and carried that no bills be posted on the public walls or fences in the city in future. S. Wheeler will be allowed to connect the water service, Spencer St. A hydrant will be placed at the head of Leslie Street. The drains there will be attended to. Councillor Ryan moved that the residents of Pennywell Road, between Rocky Lane and Boncloddy Street, be given a fountain as they are unable to connect with the water service till next spring. The employees at the Sanitary Stables will be paid at noon on Saturday in order to have time to buy their groceries. The Engineer will report on damage done by water to Nld. Furniture Co. Tenders will be invited for the erection of steps in Solomon's Lane, west of Telegram Office. A. W. Piccott will be informed that the Council is not responsible for damage to Goss's property, New Governor Street. Mr. R. A. Squires, auditor, has already been notified of this effect. The Engineer was ordered to fill in the cut near Mr. Pretty's residence, on Monroe Street. Health Officer reported two houses on the South Side and two on this side unfit for human habitation. The owners will be ordered to remove them. S. K. Bell asked for an increased water supply, consideration deferred. Moore & Co. will be allowed to extend building, Elliot's Hill. James Howell will erect a carriage shed on Scott Street.

J. J. Duff proposed changes in building on Water Street. Councillor Mullaly made an excellent suggestion which on being put as a formal motion was carried, viz., in order that citizens may be afforded the best objection to erection of buildings in any locality, the plans submitted be held over for a week. Repairs will be made to the sewer on Cathedral Street. The shed opposite the Crosbie Hotel was ordered to be removed. After passing of pay rolls the meeting closed.

Had Stormy Run.

The sch. Gamecock, Simon Hearne, master, arrived here yesterday from St. Mary's after one of the most stormy trips which the skipper ever experienced in his many years of coasting. The vessel left St. Mary's Thursday afternoon and late that night she experienced a terrific storm of N. E. wind with torrential rain. She lost most of her sails in the Bay that night, and as sea after sea swept over her it was feared she would go out on her beam ends. She had only a part cargo of fish, and as tons of water filled the decks the men had to beat away part of her bulwarks to let it escape, but for which the vessel would have come to grief. The men worked the vessel at the risk of being at any moment washed overboard. Captain and crew were greatly relieved on reaching here.

The Butler Case.

By last evening officers Byrne and Tobin had finished the unpacking of the trunks taken from the residence of Mrs. Butler, of 18 Colonial Street, Tuesday evening last. Such a medley of goods of all kinds did these trunks contain that the otherwise stotical police could not but show surprise. Next week a dry goods expert will be called in to assort and classify the property, after which it will be displayed for identification. In one of the trunks yesterday was found a musical album, and when the police again visited the woman's house yesterday they found 16 new pairs of women's and children's boots in the oven of the kitchen stove with a few other things of not much value in other parts of the house. Enquiries also made by the police show they say the woman has deposits in the Govt. and Montreal Savings Banks aggregating \$1,800, while they are also aware that she is the owner of two houses, one of which was purchased not long ago for \$700. An article of clothing was identified by a lady yesterday, who said it was stolen from her house some years ago. Mrs. Butler takes her detention without showing much sign of perturbation.

Forecast Dull Winter.

Business people and others who keep track of events say that there is every likelihood of the coming winter being a dull one, especially for laborers and coopers. By the New Year it is thought that little if any fish will remain in the stores in St. John's, as the foreign markets show a brisk demand and great quantities of the staple are being exported by sail and steam, while the Americans are buying green and dry largely. Without fish, laborers and coopers will have little employment, and the outlook is a gloomy one for these two classes of our population.

Just Try a 10-cent Box of Cascarets.

Insures you for months against a Sick Headache, Biliousness, Constipation, or a Bad Stomach. Put aside—just once—the Salts, Cathartic Pills, Castor Oils or purgative waters which merely force a passage through the bowels, but do not thoroughly cleanse, freshen and purify these drainage or alimentary organs, and have no effect whatever upon the liver and stomach. Keep your inside organs pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour and fermenting food and foul gasses, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poisons in the intestines and bowels. A Cascaret to-night will make you feel great by morning. They work while you sleep—never gripe, sicken and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, coated tongue, indigestion, Sour Stomach or Constipated bowels. Cascarets belong in every household.

The Butler Case.

By last evening officers Byrne and Tobin had finished the unpacking of the trunks taken from the residence of Mrs. Butler, of 18 Colonial Street, Tuesday evening last. Such a medley of goods of all kinds did these trunks contain that the otherwise stotical police could not but show surprise. \$25 in GOLD Given Away

The great "QUEEN LINIMENT COMPETITION" open to every Man, Woman and Child in Newfoundland. On the 1st of March, 1912, will be given away to the Four or more successful winners of this competition the sum of \$25.00 in Gold. We have on exhibition in the window of our Medical Hall, Theatre Hill, a rectangular box having an inside space as follows: length, 8 inches; breadth, 4 inches; height, 3 inches. This box is filled with Antibilious Pills of about the size of a pea. The competition is to guess as near as possible the number of pills contained in the box. The person guessing the exact number, or the nearest number of pills in the box, will receive for the first prize \$10.00; second prize, \$5.00; third and fourth prizes, \$2.50 each. In the event of two or more persons guessing the same number, the amount of the prize will be proportionately divided amongst the successful winners. That rule will apply to all prize winners. Every person purchasing a bottle of our "QUEEN OF LINIMENTS" whether in the city or outport towns, and mailing us the outside green wrapper of bottle, with the number of guess, together with their name and address, will have a chance of winning the grand prize. If outport competitors who are unable to obtain this Liniment in their town will mail us Twenty Cents in Stamps, together with number of guess, name and address in full, we will forward post paid by return mail a bottle of our "QUEEN OF LINIMENTS," but with the outside wrapper removed and retained by us, as a pledge of purchase, and a due record kept of that fact. The person forwarding us the greatest number of the outside green wrappers of bottle together with their name and address will not only receive an additional prize of \$5.00, but will have a chance of winning some other prizes as well, if they send a guessing number with each accompanying wrapper. This competition will close on the 1st day of March, 1912, at 12 o'clock, noon. Estimates about that date and hour will not be considered. On the same date the box will be opened by two reliable and competent judges, who will carefully count the number of pills, and make the awards to the successful competitors. "STAFFORD'S QUEEN OF LINIMENTS" is one of the most perfect and penetrating Liniments that can be purchased in Newfoundland, and it ought to be in every household, and used always as need. Prepared by **DR. F. STAFFORD & SON,** Medical Hall St. John's, Nfld. addressed—nov10,11

Hr. Grace Notes.

The biggest surprise our townspeople received for a long time was at 10 o'clock last night when the regular train from St. John's went screeching through the town, right on time. People could scarcely believe it as our trains are generally one to four hours late.

The Presbyterian sale of useful and fancy articles will take place at Coughlan Hall on Thursday next. The cup that cheers itself he dispensed, as well as excellent cake and home-made candy. Teas, 30 cents.

The sum of \$103 was realized at St. Paul's sale last night, which together with the \$222 on the previous night, gives a total of \$325 towards the new High School building.

The engine going through the town last night, while forcing up the grade, sent clouds of sparks in all directions. We suppose the spark-arrestor was off duty again. This should not be.

The many friends here of Conductor Kelly are sorry to hear of his resignation, but feel sure that even a better position is in store for him.

Mr. Frank Moriarty of the Battle Harbor Hospital last summer suffering from weakness of the limbs, is now at the General Hospital, St. John's, for treatment. We hope to soon hear of the trouble being completely removed.

CORRESPONDENT.
Harbor Grace, Nov. 17, 11.

McMurdo's Store News.

SATURDAY, Nov. 18, 11. If you find your hands becoming chapped Cream of Lilies will be a good friend to you during the winter. It is as reliable as a healer and a soothing of the skin, and is prepared from a recipe improved to meet the exigencies of this climate. This, no doubt, explains its fast growing popularity—it really "delivers the goods." Cream of Lilies has many satisfied users. Price 25c a crock. We have this year ordered an exceptionally fine line of genuine French Perfumes, and hope to be able in a week or two to announce their arrival. The stock will include all the most sought after of the regular lines and some novelties of rising reputation. Particulars later.
