The EASTERN TRUST COMPANY

WE GO ON FOREVER.

Just two reasons why the Eastern Trust Company can administer an Estate better than a personal executor or administrator.

1.—It has nearly twenty-four years' experience, and its existence is perpetual, neither does it cost any more to employ the Company than an individual. The Company affords the Estate absolute security. It has a paid-up capital of \$1,000,000.00 and a reserve of \$250,000.00. The Estates held in trust to December 31st, 1915, amount to \$15,036,682.85.

2.—In the event of the death of a personal executor or administrator, your Estate must look around for a substitute. The new administrator is unfamiliar with the business and confusion is often the result. The death of any officer of this Company does not break the continuity of the policy of administration.

While the Company administers over Fifteen Million Dollars worth of Estates, it also does a very large business in executing Trusts of all kinds and acting as Financial Agents of all descriptions. We can give fullest satisfaction in the collection of rents, interests, mortgages, dividends, etc.

Full information cheerfully given and all communications treated as absolutely confidential. CALL OR WRITE.

Head Office, Halifax, N.S. Branch Office, Pitts' Bldg., Water St.

A Brilliant Selection

of Ladies' Costumes has just arrived, in all the newest designs and materials. There are no two alike and all are genuine copies of the most popular English and American Models.

The most fashionable Materials are, Serges and Gabardines in Blues, Submarine Grey and several shades of Khaki. One or two delightful Chic Models are carried out in Shepherd's Plaid.

These suits—while of exclusive design and workmanship—are very reasonably priced.

Reid-Newfoundland Co.

somewhere in England.

HEAD WAITER: Yessir, we are a bit old fashioned, as you say—but we find people like it so long as we make them comfortable. I haven't heard no complaints on that score.

GUEST: Good beds and good food, eh!

HEAD WAITER: Excellent beds and good wholesome food—comfortable Gas Fires and 'ot water in every room in the 'ouse.

GUEST:—Gas Fires, eh! That doesn't sound old fashioned.

HEAD WAITER: No, sir, it don't. But we 'ad to move with the times, sir, and it's our business to give people what they want. If you'll excuse me, sir, that 'ave been 'ere all my life. I find that our people mostly want 'ot baths, 'ot water, well cooked food, good fires, good beds and no fussing. We couldn't do that with coal—not satisfactory as I may say. So we puts in gas—everywhere. We cook by gas, we lights by gas, we 'eats the water by gas and we 'as Gas Fires. So you can 'ave a 'ot bath in ten minutes if you want it, sir, a fire in your bedroom and whatever you like to order for dinner, sir, punctual to the minute.

GUEST: That sounds top-hole—but where's the old-fashioned part come in?

HEAD WAITER: It don't come in, sir, so far as that's concerned. But there's the 'ouse, the furniture, the pictures and—if I may say so—the 'omeliness of the place.

GUEST: (a trifle bored) Well, well I'll have that hot bath right away—if you'll get the bathroom ready.

HEAD WAITER: The bathroom is ready, sir, always. There's plenty of 'ot water, you'll find clean 'ot towels in the 'ot cupboard in the bathroom and the Gas Fire lighted in your room.

GUEST: Right O!—and dinner at 8 sharp, please!

HEAD WAITER:—What'll you 'ave, sir,—a nice sole, leg of mutton and sweets?

GUEST: Well, if that isn't troubling the cook too much—I'm rather late, I'm afraid!

HEAD WAITER: No trouble at all, sir. You see, sir, our kind of comfort means comfort for us as well as our people. We don't 'ave no coals to carry, no fires to make up, no bathrooms to attend to—This 'ere gas, if I may say so, saves money and time, and—

GUEST: You may say so at dinner time, please, I'm off to have that bath . . . (ascends stairs slowly) . . . Decent old boy, though he does talk a lot; and a real nice place. Thank heaven, I've struck a decent billet at last! (The bathroom door bangs sharply.)

For particulars of Gas Fires and Gas Water-Heaters apply to
