The Royal Stores Ltd.**Milady's Boudoir.****DEODORIZERS FOR DAINTY WOMEN.**

Salt baths for the entire body are excellent deodorizers. Empty a bag of salt in a tub and have the body thoroughly, or make a strong solution in a wash basin and sponge the body surface.

Moist hands are an unpleasant affliction, and if the summer months produce this condition adopt the practice of using a little spirits of cam-

phor in the water. If the condition persists, rub into the hands a lotion made of four ounces of camphor and half an ounce of tincture of belladonna, afterward powdering with rice powder.

Excessive perspiration of the feet is apt to produce corns between the toes in warm weather, after bathing and drying the body, powder thoroughly between the toes with corn starch or good talcum powder. Perspiration also makes the feet so tender that they blister easily.

To ward off this catastrophe, bathe

with a lotion made with two ounces of bay rum and four grams of tannic acid. A very offensive odor from the feet which fails to correct itself with the most scrupulous attention to cleanliness of the body, may be mitigated by rubbing with the following compound: Powdered talcum, 5 ounces; starch, 1 ounce; salicylic acid, 4 scruples.

Sometimes rubbing the feet with alcohol after the bath will destroy the odor of perspiration and tend to prevent its occurrence.

Don't forget that shoes, as well as

hose, absorb the moisture from the feet, and therefore air them well after washing, and dust them inside with a disinfecting powder.

Household Notes.

Grind your tea leaves before using. They go twice as far, and some think the flavor more delicate after grinding.

Refrigerator doors should always be latched tight. If they are half closed, ice is wasted and the refrigerator is not so cold.

All stale bread can be put in the warming oven until dry. It is then dry enough to roll with crumbs or to use as twice-baked bread.

If you want more cream than usual from milk, heat the milk until it is lukewarm, and then suddenly chill it. More cream rises to the surface in this way.

If your net curtains are torn, dip squares of net in cold starch, lay on the wrong side of the torn curtain, over the rent, and iron with a hot iron. The tear cannot be detected after this remedy.

Count carefully the cost of buying fruit to eat. Sometimes when labor, sugar, fuel and cost of the fruit are considered, it does not really pay.

Thin brown toast spread with stewed tomatoes and sprinkled with grated cheese, then browned in the oven, is a savory dish.

Add to five pounds prepared rhubarb three pounds of raspberries; add six pounds of sugar. Cook in a hot oven until thick and rich, put in glass jars under brandy paper, cool and paste paper over the tops. This makes a delicious preserve.

When taking the snaps from a garment, a convenient way to keep them for future use is to cut the goods around them in a button box. In this way the snaps that match are kept together.

Ice cream croquettes are made by grinding a cupful of browned almonds to these add a cupful of dry, sifted macaroon crumbs, then dip spoonfuls of hard-frozen cream and roll each in the nuts. Serve at once.
