**Wins Military Cross
and Bar.**

The officer mentioned in the following extract from an Essen paper is the son of a Newfoundland lady, Mrs. Payne is a daughter of the late Mr. Justice Hayward and sister of Mrs. (Dr.) Shinn. His father, Rev. C. Lennard Payne, is well known here and was for a time incumbent at Port-au-Pas. By many acquaintances here his distinction will be learned of with pleasure.

Captain J. E. Lennard Payne, Duke of Wellington's Regt., the eldest son of the Rev. C. Lennard Payne, rector of Little Burstead, has been awarded the Military Cross with Bar for gallant work with his regiment in France. During the attack he led his company with exceptional gallantry through a heavy fire from artillery, machine guns, and snipers. He displayed very marked qualities of leadership and coolness as critical points. During subsequent counter attacks for two days and nights he held the line with conspicuous coolness and success. He also re-organized a company that had lost all its officers.

**No Indigestion Gas
Or Stomach Misery
In Five Minutes.**

"Pape's Diapiesin" for sour, acid stomach, heartburn, dyspepsia.

Time it! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapiesin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain indigestion remedy in the whole world, and besides it is harmless. Millions of men and women now eat their favorite foods without fear—they know Pape's Diapiesin will save them from any stomach misery.

Please for your sake, get a large fifty-cent case of Pape's Diapiesin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and digest it; enjoy it, without dread of rebellion in the stomach.

Pape's Diapiesin belongs in your home anyway. Should one of the family eat something which doesn't agree with them, or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement at daytime or during the night, it is handy to give the quickest, surest relief known.

Your Boys and Girls.

Children should never be hurried off to school in the morning with an insufficient and rapidly eaten breakfast. Their appetites are often poor at this hour and, if they are subsequently kept at school for three hours work before luncheon is taken off, they will be poorly prepared to do their best at their lessons. The hours for both study and meals should be regulated so that adequate time may be given to both. An ill-nourished child is bound to make slow progress in studies, as well as to develop serious impairment of his vitality in the future.

Too much stress cannot be exerted on the cleanliness of the baby's bottle. Bottles should be thoroughly cleansed by rinsing first with cold water and then washing with hot soap suds and a clean brush. The brush used requires as much care as the bottles, a fact that is often overlooked. Rinse the bottles, both inside and out, in an abundance of clear running water and examine each bottle carefully to see that there is no cloudiness or flecks of milk remaining in it. The bottles should then be placed in a rack or pan and set in the oven for an hour to become sterilized.

Pit cooked prunes and put them in to an orange jelly, let harden and serve with whipped cream.

THE CANADIAN SALT CO., LIMITED

WINDSOR'S LIMENT CURE

**BY
JOVE!**

told a well educated man the other day when he was asked this question:—"Why, when you have a cold, a cough or bronchitis (troubles, you will note, of throat and chest) do you persist in pouring enough syrup, lung tonics and the like into your stomach, which is perfectly sound?"

Ever think of it? The stomach and the lungs are not connected, otherwise food swallowed would choke you. Lung and throat troubles were never yet cured by dosing the stomach. To cure coughs, colds and bronchitis, you must breathe the cure. Peps provide the rational treatment for these ailments. Peps are tablets made up of pine extracts and medicinal essences, which when put into the mouth turn into healing vapors. These are breathed down direct to the lungs, throat and bronchial tubes—not swallowed down to the stomach, which is not ailing. Try a 50c. box of Peps for your cold, your cough, bronchitis or asthma. All drug stores and stores or Peps Co., Toronto, will supply.

WINTER HAIR TREATMENT.

One of the best mixtures for winter treatment for the hair consists of sixteen ounces of pure cologne and two ounces of refined castor oil. One would think this a rather greasy mixture but it is not. It is easy to apply, does not make the scalp greasy or the hair shiny and is agreeable in feeling and odor.

If you find that you have neglected to keep your hair properly moist during the cold months and need a stronger tonic, use four ounces of cologne, one half ounce of tincture of cantharides and one-fourth of a dram each of oil of rosemary and oil of lavender. To apply this part the hair every few inches all over the scalp and rub the liquid in thoroughly with the finger tips or a very soft brush. Use either of these mixtures three times a week unless the hair is exceedingly dry, in which case use it every other day for two weeks.

So many women complain that their hair seems to fall out only in winter, that it is surprising that they do not realize that the cold weather has much to do with that condition. If you notice that your combings are large during the cold months, you may be sure that you have neglected your hair so much that continued dryness has caused the trouble.

To remedy this make a mixture of one and a half ounces of coconut oil, one ounce of bay rum, two and a drams of tincture of mux vomica and twenty drops of bergamot. Rub this into numerous partings of the hair, every other night for a week.

Household Notes.

Vegetables should not be cooked in an iron kettle. Brown sugar is better than white sugar cereals.

Be sure to have ironing tables of a comfortable height.

Even now it is not too late to make gingered apples.

Vanilla should not be used as flavoring for sick people.

Damn stockings at heels, toes and knees before they are worn.

Potato salad can be carried in a school child's lunch basket.

Cotton the same shade is better to mend gloves with than silk.

Individual oyster pies are delicious and an agreeable change.

A good cover for a hot-water bottle is crocheted of white cotton.

In making cake, eggs should have yolks and whites beaten separately.

The tough outside leaves of the salad can be cooked as any greens.

Cake tins may be greased with paraffin and the cake will not stick.

Vegetables with a strong odor should be cooked in plenty of water.

Old paint stains on a carpet can be dissolved with spirits of turpentine.

Prunes can be treated to sweet pickle just as peaches or other fruits.

Apples are good when baked with the cores in, and there is not so much waste.

Fried mush should always be served very hot with butter and syrup.

The secret of good cranberry sauce is quick cooking and very little water.

Runners and dollies frequently used on the dining table save table cloths and laundry bills.

For Sale, A Cat in a Nice Bag

Is what many people say to you when they tell you of the cheapness of their merchandise without making any reference to the style and quality.

Now we have between

300 and 400
