A pattern of this illustration mailed any address on receipt of 10 cents in silver or stamps.

EARLY CABLES

TROOPS NEEDED IN RUSSIA.

LONDON, April 3. Regarding the Archangel front, it is pointed out that during the time the Allied troops are isolated by the ice, the Bolsheviks are likely to make a determined attempt to drive them into the sea. The Bolsheviks have superior forces and as their section of the Dvina River thaws sooner than any part occupied by the Allied troops they have an important advantage. The Allies, therefore, it is believed in military circles, are likely to have a hard time and it is felt to be essential that the troops be reinforced or replaced at the earliest possible moment.

SERIOUS SITUATION IN RUSSIA.

LONDON, April 3. The curtain was raised for the British public on the position of the Allied armies in North Russia for the first time this afternoon. The serious situation in the Murmansk region, and the attempt by the Bolsheviks to drive the Allied troops into the sea, are the cause of much anxiety. The London afternoon papers circulated papers throughout the streets with startling phrases, of which "The British Army Imperilled" was typical. The public bought the papers eagerly, having no idea which army was imperilled. Some of the papers depicted that another Kut surrender or a similar tragedy threatened.

ROYAL OFFICIAL SUSPENDED.

BERLIN, April 1. Commander Klafunde, of the British forces has been suspended until further notice by Gustave Noske, the Minister of Defence, because of "grave mistakes." According to the Fossische Zeitung financial difficulties are believed to be responsible for the suspension.

PROPOSAL WITHDRAWN.

NEW YORK, April 3. The United States Government has withdrawn its proposal to purchase the British owned tonnage of the International Mercantile Marine.

CONFERENCES CONTINUE.

PARIS, April 3. President Wilson and Premier Lloyd George, Clemenceau and Orlando continued their discussion at President Wilson's residence to-day. Other peace conference organizations also met. All the conferences tend to unravel the tangled issues still remaining in the way of peace.

RELIEF BEING SENT.

LONDON, April 3. The announcement was made to-day that British reinforcements will follow immediately American troops now on the way to Russia.

MINERS THREATEN.

LONDON, April 3. A resolution demanding the withdrawal of all British troops from Russia, the raising of the blockade, the withdrawal of the military bill from Parliament, and the liberation of conscientious objectors, was adopted by acclamation to-day by the Trades' Union Congress. Robert Skillee, the leader of the miners, in

moving the resolution, declared the miners would strike for the removal of conscription and raising of the blockade. Winston Spencer Churchill, Secretary of State for war, announced in the House of Commons to-day that the Government had decided to liberate conscientious objectors who had served two years in prison.

ANOTHER REVOLUTION BREWING

BERNE, April 3. News from Sofia, the capital of Bulgaria, is disquieting, and it is reported that the Bulgarian Communists are preparing for a revolution. The Government, Hungarian Communists' agents, it is added, already are at work in Sofia preparing for common action with Bulgarians.

TRYING TO REACH AGREEMENT.

OTTAWA, April 3. A conference of shipbuilders from Port Arthur to Halifax with representatives of their employees which has been in progress for the past two days at the office of the Department of Labor, concluded to-day. The object of the conference was to arrive at a working agreement which would be satisfactory to both parties.

TESTING THE ENGINES.

WASHINGTON, April 3. Experiments are under way at the Naval Air station at Rockaway Beach, Long Island, to determine the number of liberty motors which will drive the naval seaplanes on the proposed flight.

At the City Hall.

The Municipal Council held its regular weekly session last evening. Councilor Morris presided, and there were present Councilors Brownrigg, Mulhally, Ayre and Vinnicombe. After reading of Minutes of previous meeting the following matters were disposed of. Bowring Brothers applied for permission to erect sprinkler system on their premises South Side. They stated plans would be ready in due course and would be submitted to Council for approval. Sarah B. Ayre wrote as to the condition of the South Side Road, near Thomas Bully's house. She asked that attention be given to the place as the road there had become dangerous. Engineer is to report as to cost etc. A. H. Murray asked for permission to erect one storey shed Sunnyside, Rennie's Mill Road. Granted. J. Butler's application to erect shed for motor car on Flower Hill was referred to the Engineer for enquiry. F. Lewis per W. Cotuans asked attention to the road near Ford's Hill, South Side. No action.

At the House.

The House met at 3.15 yesterday afternoon. Petitions were presented by Mr. Walsh from the residents of St. John's for a ferry, from Branch for a breakwater, and from Trepasser asking for a sum of money to construct a road; by Mr. Moore from the residents of Fogo Island for a sum of money for public works, and by Mr. Morine from the residents of the north side of Bonavista Bay and the Straight Shore of Fogo District, asking that a branch railway be constructed from Gumbo on the main line of railway to Carmanville in Fogo District.
