

NEWFOUNDLAND COAL

Let Newfoundland's Wealth be Enjoyed by
Newfoundland's People.

In this Coal Question there is more promise of remunerative results than
any other mining enterprise in the Island.

EMINENT GEOLOGISTS and COAL EXPERTS who have visited the property from time to time and made careful investigations and assays are convinced that the areas under consideration contain COAL of CONSIDERABLE COMMERCIAL VALUE.

That there is COAL in the areas referred to has been known for over seventy years, but only during the past year has the territory been receiving the attention that it deserves. An impending world shortage of COAL, serious fuel problems in Canada and the United States, should focus the attention of every NEWFOUNDLANDER on this GREAT POTENTIAL SOURCE OF WEALTH.

THE ST. GEORGE'S COAL FIELDS, LIMITED, a Newfoundland Company, managed by Newfoundlanders, controls the choicest lands in the District of St. George's.

The Company's holdings have been selected by experts as the most promising coal areas in Newfoundland.

The Company intends to fully develop these lands which after a year's careful work have been found to warrant complete exploration.

The St. George's Coal Fields,
Limited.
