Business College and Telegraph Institute.

Express Buildings,

Located in 46 of the largest cities of the States and Canada, under the manager J. D. ODELL, Principal.

A SOHOLARSHIP issuedfrom this College is good for an unlimited time, and entitles the A holder to the advantage of instruction and influence in obtaining situations. Each College derives special benefit from all others, n the combined experience of numerous teachers, the collection of manuscripts and the publication of text books, beyond the ordinary means of any single school. We have the best system of Penmanship known to the public taught by experienced, first-class Penmen, for which we were awarded First Premiums in all departments at the late Provincial Fair. Regular class instructions in Arithmetic, Commercial Law, Penmanship, Book keeping, English Grammar, Orrespondence, Composition, &c., &c., with ample black-board explanations, and special lectures to suit individual cases. Actual business is here introduced by the use of Banks, and other offices, as in business houses. The practical method of giving instruction in this institution is the most important feature. Studenjs count their thousands of dollars, buy and sell merchandise, real estate, stocks, &c., with as much interest as our first mérchants, thus converting the school-room into a banking house and our axchange, by introducing the actualises of business, as well as the abanking house and our axchange, by introducing the actualises of business, as well as the abanking house and our axchange, by introducing the actualises of business, as well as the abanking house and our axchange, by introducing the actualises of business, as well as the abanking house and our axchange, by introducing the actualises of business, as well as the abanking house and our axchange, by introducing the actualises of business, as well as the abanking house and our axchange, by introducing the actualises of business, as well as the abanking house and our axchange, by introducing the actualises of business, as well as the abanking house and our axchange, by introducing the actualises of business, as well as the abanking house and our axchange, by introducing the actualises
