*Spectacles unequalled by any for their Strengthening and Preserving Qualities.*

Too much cannot be said as to their superiority over the ordinary glasses worn—there is no glimmering, wavering of the sight, dizziness, or other unpleasant sensation, but on the contrary, from the peculiar construction of the Lenses, they are soothing and pleasant, causing a feeling of relief to the wearer and producing a clear and distinct vision as in the natural and healthy sight. They are the only spectacles that preserve as well as assist the sight, and are the cheapest because the best, always lasting many years without change being necessary.
