Last evening Mrs. (Rev. E.) Amusements.

In his play, entitled "Remember the Maine," Mr. Carter, who is the acknowledged scenic author of the stage, has weaved a romance around such men as Lee, Shafter, Roosevelt, Miles, Dewey and Mckinley, beginning with the outbreak of the war, depicting the destruction of the Battleship Maine, the destruction of the Spanish Armada at Manila, in a series of elaborate scenic pictures of wondrous realism. The boom of the guns, the roar of the cannon, the bursting of shells, the blazing forts and the sinking of the ships amid a firing shower of rockets, trans-ports the audience in thought to the actual scenes of carnage. Mr. Carter's company will be seen at the London Opera House on Tuesday, Oct. 16.

The following is from the St. Thomas Times of last week: The dramatized version of Hope's famous story, "The Prisoner of Zenda," was presented at the new Grand Opera House on Saturday by Shipman Bros.' company. It was the first time the play had been produced in St. Thomas and it met with a hearty reception. The company is a strong one, and there were curtain calls after each act. The version is that used by the Frohman companies, and is a decidedly attractive one. It is interesting in plot and ac-

STILL UNSETTLED

All Quiet in the Anthracite Coal Region-Miners Waiting to Hear From the Barons.

Hazleton, Pa., Oct. 15.-The fifth week of the coal miners' strike opened quietly. The few collieries that have continued in operation since the strike was inaugurated are working as usual today, with the same number of men they had in the mines last week.

A march planned for this morning to the Panther Creek Valley, where a majority of the mines are still in operation, was called off on account of Shamokin, Pa., Oct. 15 .- Not a col-

liery resumed operations in this porton of the coal region this morning. While the miners generally think the terms of their convention will be accepted by the operators and coalcarrying companies, operators hereabouts insist that so far as they are concerned they will not, unless forced to by the coal-carrying companies, sign an agreement to pay 10 per cent. New York, Oct. 15 .- So far as could be learned up to noon today, the execu-

tive officers of the big coal-carrying roads here had received no "official" notice of the action taken by the Unit-ed Mine Workers' Union at the Scranton convention last Saturday. The independent operators seem to be waiting for some action on the part

of the coal roads. While they all refused to be quoted, a leading operator expressed the opinion today that matters were now in a fair way toward

Individual Mine Owners Decline to Talk.

Waiting to See What the Large Railread Interests Will Do-Many Operators Opposed to Making More

Hazleton, Pa., Oct. 14.—The individual coal operators who could be seen here today declined to discuss the action taken by the anthracite miners' convention at Scranton yesterday. Neither would they say what steps the employers would probably take.

It is evident from their reticence that the individual mine owners are

waiting to see what the large coal carrying railroads that mine coal will do. All the collieries that are working still remain heavily guarded.

Wilkesbarre, Pa., Oct. 14.—A can-vass of the operators of the Wyoming Valley today shows that there is considerable opposition to granting the miners any more concessions than those outlined in the original offer, namely 10 per cent increase without other conditions. The individual operators, especially, are opposed to tieing themselves up to any agreement. Similar reports come from the operators in the Shamokin and Scranton

Geneva, Oct. 14.-Mr. Bellamy Storer, United States minister to Spain, in the course of a conversation here today regarding his recent interviews with the pope said:

"Leo appears to be in much better health than when I saw him two years ago. He is full of life and has lost none of the interest he has had from the first in matters relating to the Church of Rome:

"Since Archbishop Ireland's visit to the Vatican, it is clearly understood there that the best interests of the Roman Catholic Church demand American rule in the Philippines. The United States and the Catholic Church have the same aims there, and hope to work together for civilization, order and peace."

Mr. Storer asserted that the Filipinos had made three attempts to open negotiations with the Vatican, all of which were refused.

DEARER MONEY.

London, Oct. 14.—The stock exchange was considerably upset last week owing to the fact that money will become dearer, despite the fact that it is so plentiful that rates for short allowances were lower than they had been for months. This apprehension was due to the expectation of a huge exportation of gold to America, together with the fact that about £1,000,000 was withdrawn for Germany and Egypt. In consequence business was brought almost to a standstill and the tone of the markets was heavy. To all this Berlin and Vienna selling contributed. The week closed, however, with easier conditions, consols rising to 981/2 and the

war loan to 9814. Americans, after a moderate decline. recovered, and the changes on the week were not important.
