"Finally I saw a testimonial of Fruit-a-tives," and concluded to give them a trial, I took nearly four boxes of 'Fruit-a-tives' and they have made me feel like a new man. I can eat all kinds of hearty foods without suffering, and am no longer constipated."

A DYSPEPTIC "Nemo" Corsets for ©2 Christmas Gifts

Style, Comfort and Durability Are Special Features of the Celebrated "Nemo" Self-Reducing Corsets

The conditions under which Corsets were made fifty years ago are in striking contrast with the scientific principles on which they are built today. No manufacturing industry has been more thoroughly revolutionized than this, nor is the contrast less noticeable in the modern manner in which you buy them now, compared to then, when small stocks with limited size range and models alike for all figures were sold. Scientific building and modern merchandising have made Corsets one of the most important features of a modern store, with separate fitting rooms and expert corsetiers to advise and assist, and special models built for every different form. Style, comfort and durability is assured provided you get the model designed for your particular figure. Nemo Style 319 Nemo Style 321
