HAD INDIGESTION.

Almost Despaired of Ever

AT HOME.

May 14, 15, 16, 17, Toronto.

When your food has not been properly digested, your body has not received the benefit it should. The exertions of the gastric juice have been confined entirely to removing the unassimilated, undigested portions of food, which they cannot properly digest as speedily as possible from the body, therefore only giving the blood a small percentage of nourishment with which to feed the tissues. Do wonder then that Indigestion and Dyspepsia attack the stomach. No medicine can surpass Burdock Blood Bitters as a cure for this particular disease. It regulates the bowels, promotes perfect digestion, makes new blood, tones the stomach, and thus restores perfect health to the debilitated system.

Mrs. Mary MacKay, Hunter's Mountain, N.S., writes:—"I was troubled with Indigestion for more than ten years, tried several Doctor's medicines claiming the power to cure, but all without success. Having heard of the many cures effected by Burdock Blood Bitters, I decided to give it a trial. After taking two bottles I was completely cured. My appetite which was very poor, is now good, and I can eat most everything without any disagreeable feelings. I can strongly recommend B.B.B. to anyone suffering from Indigestion."

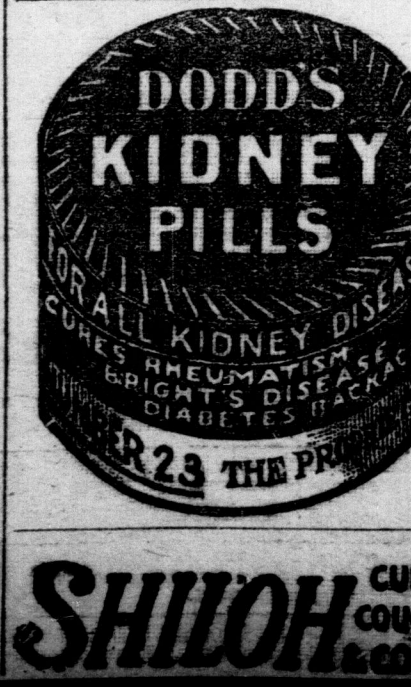

Some Interesting Figures Behind \$20,000 Challenge

From Atlantic to Pacific and Back Again
Without Adjustment.

One feature of the Russell-Knight Engine Test has been the attention brought to Canadian Manufacturers. The performance of this motor has become a subject for discussion among manufacturers on two continents. A valuable comment has been made by many engineers, even strong supporters of the Knight Engine, it is a matter of surprise that a motor would run so long without adjustment, repair or replacement except to spark plugs, as this engine did.

This motor ran the equivalent of 8,100 hours, or three times from the Atlantic to the Pacific, or twenty times from Toronto to Montreal, at every range from 500 to 600 revolutions per minute.

So enthusiastic is the Russell Company over the standard set for the factory on this test, that they have offered \$10,000 to any one who will equal this performance with a Poppet Valve Engine. The Russell Engine and Kilbourne & Watts Company, Chicago, owners and agents of the Knight Engine have added the like amount, making it in all \$20,000. The test is now being repeated. The Test Report is now being printed.
