Good Parade.

The School Question Has Lost Much of Its Force as An Issue.

Hugh John Macdonald Is Sure to quietly slipping through to Kelowna and Be Elected With an Increased Majority.

Mr. F. W. Thompson, general manager of the Ogilvie Milling Co., Winmipeg, speaking last night of his present trip to the Coast, said he was pleased to public platform to answer for his cyclists regaled the public prior to the deeds done at Ottawa. The races and entertained their friends at note many improvements since he was

"On my last visit to Victoria," said Vernon on a certain date; he issued a Mr. Thompson, "I was greatly impressing invitation through the columns of the Sentinel for Mr. Mara to be prespected with this beautiful city and its of the Sentinel for Mr. Mara, although the invitation surroundings. Many fine edifices have reached him at the eleventh hour, manbeen erected in this brief time, and cer- aged, by utilizing a handcar, to appear tainly your new parliament buildings are on the scene in time. Mr. Bostock, howa credit to the whole province. While I ever, despite the fact that he is suphad heard much about this new build-ing I had no idea that it presented such a magnificent appearance, but then you face the large and somewhat critical people out here have the reputation of audience which he knew awaited him doing things well.

opment of the mining interests through- the last two meetings held at Kelowna child riders with their miniature bikes out British Columbia the prospects of the prospects of the province could hardly be better, and while you have experienced dull times while you have experienced dull times, umphs. still I think that we in Canada have reason to feel satisfied when contrasted with the deplorable condition of trade stand before the electors of this city: throughout many parts of the United His supporters here realize that the the parade moved that the wheel is here

Asked as to the crop outlook in Manitoba, Mr. Thompson said: "Our season in Manitoba this year is later than usual in consequence of our having "Silence is golden," and unless a sud-den access of zeal and courage should in had so much rain, which delayed seeding operations to a considerable extent, but with favorable weather from now some manner come to strengthen their out we look for a satisfactory harvest, already depressed spirits, it is unlikely although the wheat acreage will not be that our citizens will have a chance of as large as last year, as it is now rather listening to Mr. Bostock during the camlate to catch up with the work. You paign. see, the farmers, owing to the enormous crop last season, and the extra work required in getting it properly harvested reduced the usual amount of fall ploughing and the late spring prevented them making progress in their seeding which otherwise would have been finished in good time.

"Our mills are not just at present shipping flour to the Orient, as the unfortunate condition of the currency rather militates against shipping successfully at the present time, but we have no doubt that as the quality of our flour becomes known and appreciated a large business will follow in the future We are, however, shipping regularly now to Suva, Fiji, ank to Australia. the poor condition of the Australian has stimulated trade in this direction at the present time we look for the continuance of the trade, as there will be naturally a certain demand for a strong flour such as we produce. All these things will no doubt contribute towards bringing the Pacific coast of Canada into more or less prominence and the shipping ports are bound

Speaking about the political situation Speaking about the political situation in Manitoba, Mr. Thompson remarked:

'In your paper of yesterday I appear to have been misunderstood in regard to a reference to Mr. Martin and my Liberal just closed at New Westminster. The Dantester of Vancouver, and Fred. Just closed at New Westminster. The Dantester of Vancouver, and Fred. Just closed at New Westminster. The Dantester of Vancouver, and Fred. Just closed at New Westminster. The Dantester of Vancouver, and Fred. Just closed at New Westminster. The Dantester of Vancouver, and Fred. Just closed at New Westminster. assengers on the ship did not arrive have been misunderstoot in regard to a reference to Mr. Martin as an obstructionist and supported by hide-bound cliff and the same of the regions of

a matter we in Manitoba all hoped would be happily settled. Since Mr. Laurier's Quebec speeches it is very vevident that no matter which popular steems of followed June 6 by the party is in Laurier's Quebec speeches it is yeary evident that no matter which party is in power the question will be settled according to the constitution of the country, so that with us in Manitoba that question has lost much of its force as an issue in the company also. its force as an issue in the coming elec- eclipse all former traffic to the North.

Mr. Thompson has enjoyed his visit to the Coast and thinks the climate delightful. He expects to make an annual trip to the Coast, going over the territory with the company's representative, Mr. J. M. Leishman. Mr. Thompson leaves for the East on Tuesday.

HE WANTS OTHERS TO KNOW.

DEAR EDITOR: Please state in your valued journal, that if any sufferer from nervous Debility, Lack of Energy and Ambition, Lost Manhood, etc., will write me in confidence, I will inform him by sealed letter, free of charge, how to obtain a perfect cure. I ask for no money, have nothing to sell. I know how to sympathize with these sufferers and am only too glad to be able to assist them. I promise everyone absolute secrecy and as I ployed running up the arm on regatta day. do not, of course, wish to expose myself either, I do not give my name. If you desire to get well, send stamp and address simply: P.O. Box 388, London, Ont.

only way in which they can hope to to stay. Unfortunately the public would secure votes is to keep Mr. Bostock and not be content with looking on from the "Our his untenable arguments as much in the background as possible. They are eviating dently firm believers in the adage that any of the state of th despite these small vexations and the high wind blowing the parade was a ecord breaking one, for which Captain

Edwards is deserving of hearty commendation. This same high wind, which at the Oak Bay track developed the dimensions of a gale, was responsible for slow races and somewhat dispirited finishes, for no one could finish strong with a tempest driving in his face. There were no sensational victories nor any examples of record breaking, but the meet was nevertheless not barren of genu-

ine surprises. No one expected, for example, to see Davies of Everett lead in the Deemings in the professional quarter; none except his stauch friends believed Demorest, of Tacoma, capable of showing his rear tire to Dow and Hill -and no one thought to see Victoria's two promising amateurs, Penwill and Sewell Moody, beat out these same veterans of the track. Hill, it is true, was considerably off form, but ample evidence was given by the two Victorians named of their speed, their natural trackpleted by the steamship Danube, Captain manship and their grit.
