Mauretania

London, Oct. 3.—The White Star Line officially announced a few days ago that the name of the second of its two great liners, which are to be built at Hariand and Wolff's yard at Belfast, will be the Titanic. Incidentally it is announced that the tonage of each vessel will be about 60,000; greatly exceeding that of the Mauretania, the largest vessel now affoat. The keel blocks for the first of these amazing ships, the Olympic, were laid down at Belfast last week, and work is now progressing on her. The keel blocks for the Titanic will be laid down early in January.

Although it has been known that the White Star Line contemplated building two ships that would sclipse anything affoat, the exact tonnage has not been known before, and the Olympic and Titanic will represent the greatest strides ever made in naval architecture. They will be nearly 1,000 feet long, and about 80 feet broad and while they will not be built for great speed, they will, it is expected he able to average twenty-one knots. They will be equipped with a combination of turbine and reciprocating engines. The cost of the two vessels will be about \$17.600.000.

CONGRESS COMES TO CLOSE

President Roosevelt Comments: on Advance in Fighting

Washington, Oct. 3.—A signal victory was today won by the opponents of the theory advanced by Dr. Robert Koch, the eminent German scientist, minimizing the danger of infection from boyine tuberculosis baccili, when the sixth triennial international congress on tuberculosis, just adjourned, placed itself squarely on record in opposition to the views of the German savant.

The congress, by unanimous vote, adopted a resolution recognizing the "possibility" of human infection from the bovine tuberculosis baccilli. Whether or not Dr. Koch has re-ceded from his position by silently acquiescing in the resolution is not known.

A pleasant scene at the closing of the congress was the appearance of President Roosevelt. The president, in an address, spoke of the rapid strides an address, spoke of the rapid strides made in recent years in combatting disease, stating that "it was not so very many years since the attitude of man toward such a disease as that of consumption was one of helpless acquicacence." He referred to the United States government's work in rendering healthful the Panama canal zone, and continued: "You have come here to conduct war on what is, on the whole, the most terrible scourge of the people throughout the world. The chance successfully to conduct that war arose when the greatest experts in the medical world turned their trained intelligence to the task. It remains for them to find out just what can be done. The task, then, will be for the representative government. for the representative governments to give all possible effect to the conclu-sions of the scientific."

The next meeting of the conference will be held at Rome, Italy.

Fire at Summer Resort

Boston, Oct. 3.—A brisk fire broke early part of the year, the production for 1908 is now nearly the same as at the corresponding period of last year. Owing to the reorganization of the Dominion Copper Company's plant at Boundary Falls the output for this week is slightly less than it was this week last year, being 43,118 tons, as against 44,066 tons. The total output to date is 1,322,854 tons, as against 44,066 tons. The total output to date is 1,322,854 tons, as against 1,364,271 tons a year ago. The Boundary shows an increase of 70,061 tons, and great cottages, and at I a. m. the flames threatened to consume other property. The loss is about one hundred and fifty thousand dollars. Two women greats at Crest Hall, a Mrs. C. Dumon, of Chichnati, and Miss Martin were reported missing but were afterwards located. The fire started in Crest Hall shortly before midnight. The fire at 2 o'clock this morning is reported under control.

Beach Hotels Burned

Boston, Mass., Oct. 3.—Cresthall and Ocean View hotels with three large summer cottages occupying one of the most beautiful spots on the crest at Winthrop beach, were totally destroyed by fire early today, with a loss estimated at about \$175,000. Fifty guests at Cresthall and thirty at the Ocean View were able to save a part of their effects. The fire started at midnight in the kitchen of Cresthall. A strong northeast wind swept the flames directly down the beach and only the timely arrival of aid from Boston, Chelsea and Revere, it is believed, saved a large part of the valuable ocean front property from destruction.

Extraordinary Scene

Detroit, Oct. 3.—A tumultous scene occurred at yesterday's session of the biennial convention of the Women's Cathelle Order of Foresters, when Rev. Father McCorry, from the platform, denounced High Chief Ranger Mrs. Elizabeth Elizabeth Elizabeth Rodgers for having ordered priests to be excluded from the convention. Supporters of Mrs. Rodgers account of Father McCorry and another priest yesterday was due to a mistake of the door tenders, Father McCorry, however, declared that the colored waiters who had acted as door tenders had insulted him and laid violent hands on him at the order of the high chief ranger. The session adjourned in a tumult of recriminations among the delegates. Mrs. Rodgers was assisted from the room in a fainting condition.
