*Newsy Notes of Town and Country Happenings
Gathered by Graphic Reporters.*

CARD OF THANKS.

Mr. John Dolan and family wish to thank all those who were so kind to them in their sad bereavement.

HAND INJURED.

Sergeant R. A. Duncan has his left hand badly mangled by coming in contact with the saw of a wood cutter.

HOME NURSING CLASS.

The Home Nursing Class has resumed its course of study. The meetings will be held Thursday evening of each week at 8 o'clock in the Assembly Hall of the Grammar School until further notice.

MARRIAGE.

At the manse, Pointe à la Peste, P. Q., January 18th, 1919, J. M. Gaudin of Beauséjour, and Miss Henrietta J. A. Gaudin, daughter of William Gaudin of Beauséjour were united in marriage by Rev. Lewis J. King.

AT OTTAWA.

Hon. P. J. Vanier, Minister of Public Works, is to meet the Federal Highway Commissioners at Ottawa to-day, 18th inst., and will address the Reform Club at Montreal on Saturday, Jan. 19th.

COLD WEATHER.

Saturday and Sunday were real old fashioned winter days. The mercury registered between 26 to 10 degrees below zero all day and the wind was very strong from the west. Many winter services were frozen and other damage done.

IN GERMANY.

Recent letters received here by friends show that Capt. R. M. Hope, who resigned the management of a local bank here to go overseas with the 6th Battalion, is with the Canadian army at another kind of bank the bank of the Rhine.—Chatham Gazette.

B.C. ASSOCIATION NOTICE.

The B.C. Comforts Association have been notified that there is no further need of knitting socks for overseas. Will all those who have socks or yarn belonging to the society please hand them in at the earliest date possible to Mrs. H. R. Smith, President, or Mrs. W. H. Miller.

G. W. V. A.

A largely attended meeting of the G.W.V.A. was held last evening. Two new members joined, and the following officers elected:

ARRIVED HOME.

On the hospital ship which docked on Jan. 10th the following men for the North Shore were on board: Pte. A. Allard, Pte. C. P. Flowers and Pte. R. Goodwin, Campbellton; Pte. C. Power, Gloucester and Pte. E. C. Scott, Stouffville. Pte. H. Beaudin of Gaspé, and Pte. H. J. Hickey of Charlottetown also arrived home last week.

PECULIAR PREDICAMENT.

Recently a Campbellton man journeyed to St. John where he was to meet a young lady and be a principal in a very happy event. The arrangements were that the better half of the party would meet his train. Unfortunately his train was hours late. After waiting in the depot for about five hours the party left intending to return later. In the meantime the train arrived and as the Campbellton man had no St. John address he did not know how to find his bride, but he managed to after quite a hunt and they were married and we hope will live happy ever after.

MATAPEDIA RED CROSS.

The Red Cross Group will meet at the home of Mrs. N. Bulmer on Thursday, Jan. 23rd.

NEW HORSES.

The streets department has purchased a new pair of horses. They are a likely looking pair.

BEAN SUPPER.

The ladies of the Methodist church will hold a Bean Supper in the Methodist Church Hall on Friday, Jan. 24th from 5.30 to 7. Supper 50c.

SMELTS PLENTIFUL.

Large catches of smelts are being taken on the Restigouche during this week. Eight cents a pound is being paid for them on the ice.

CARD OF THANKS.

Mr. and Mrs. Clifford Cairns wish to thank their many friends for the sympathy and kindness shown them in the death of their daughter Marion.

CHAMPION YIELD OF WHEAT.

Mr. W. D. Sauty of Derby, who got second prize on wheat in our Field Competition, got a record wheat yield—102 bushels from 2½ acres. The variety was Red Pile.—Chatham World.

PROFESSIONAL.

Dr. A. Pierce Crockett, eye, ear, nose and throat specialist, of St. John, will be at the St. Louis Hotel, Campbellton, Friday, Jan. 17th, where he may be consulted professionally. Jan. 9-2-pd.

CORRECTION.

In our issue of last week when the rinks were published for this season, a mistake was made in the number five. The correct reading of the rink is as follows:—
F. O. Poley
R. J. S. Sly
Jas. E. Miller
A. McE. McDonald, Skip.

BATHURST WON

McLELLAN CUP
Bathurst won the McLeLellan cup from Amherst Wednesday night in the first game of the season. The visiting curlers were up three on two rinks and down one on the remaining rink. It was one of the keenest games ever played for the big curling trophy. Amherst won the cup last year from Truro.

BOARD OF TRADE.

A meeting of the Campbellton Board of Trade will be held in the Town Hall, Friday evening, Jan. 17th. This meeting has been called in the interests of the merchants of the town to discuss railway matters and every business man should be present. Do not be satisfied to let the other fellow do your share, but help bear the burden. This is a very important meeting and their should be a large attendance.

OFFICERS ELECTED.

St. John, N. B. Jan.—The St. John A. Club, at a recent meeting, elected the following officers for the incoming term:—
W. Shives Fisher, President
T. H. Estrabrooks, First V. P.
W. Frank Hatheway, Second V. P.
Mrs. Silas Alward, Third V. P.
Timothy O'Brien, Secretary
Mrs. L. de V. Chipman, Cor. Sec'y
Miss C. O. McGivern, Treas.
C. H. Fiewelling, Curator.
Mrs. J. W. V. Lawlor, Mrs. W. Edmond Raymond, Miss Lillian Hazen, Mrs. Brodie, John Seely, and Alex. Watson.

CURLING CLUB MEETING.

An enthusiastic meeting of the Campbellton Curling Club was held Monday evening at which there was a very large attendance. A number of new members were elected bringing the membership up to about ninety. An invitation to play here about Jan. 24th was extended to the Thistle Curling Club of St. John.
On resolution it was decided to ask the committee in charge of Bonspiel dates that they be made February 6th and 7th.
The improvements to the rink rooms tend to make the rink more comfortable and larger number of spectators are present to watch the games. The games are being played with enthusiasm and are keenly watched.

Design Frustrated.

"Pardon me for referring to the matter, Githersby, but you borrowed \$50 from me some time ago."
"By Jove, so I did."
"Er—just at present I'm—"
"And I want to take this opportunity to tell you, Dubwinte, that I have remarked that I don't know how many of our friends and acquaintances that you are the biggest-hearted, most considerate fellow I ever knew—the kind of man who would let people owe him money for years rather than hurt their feelings by asking them for it. Fine day, isn't it?"
"Pretty fair. Guess I'll toddle along."

Gas-Driven Cars in Denmark.

An advertisement has appeared in one of the Christiania papers offering for sale motors that can be operated with peat gas instead of benzine or petroleum. The alterations have been made in accordance with a Danish invention that makes it possible to use peat gas as fuel for motors. It is said that several thousand of the motors are being used in Denmark, and that they have met with success. The new motor is stated to consume from one to two kilos of peat (2.2 to 4.4 pounds) per horsepower hour, according to the quality of the peat.

Force of Habit.

I heard a fellow from Camp Logan remark recently that he supposed the habit of inspection would become so strong with him that after the war and he returned home he would have to go everything out in the street each morning and have his mother look at him.

RESTIGOUCHE APPOINTMENTS.

John Simpson, Councillor of Glencoe and Baguac Hirtie of Glencoe, Justices of peace.

MOVING OFFICE.

The building occupied by the Engineering department of the C.G.R. is being moved over to its new position at the freight shed, where it will be occupied by the staff of the freight department.

Many friends will regret to learn that Mr. Percy R. Jellet is seriously ill with pneumonia.

WILL EMERGE FROM WAR.

WITH FLYING COLORS.

One religious organization at least is going to emerge from the war with flying colors. The work of the Salvation Army at the front is going to be remembered by the soldiers as long as they live. A little story, published some time ago, of a salvation army doughnut wagon blown up by a German shell, and the prompt and decisive response accomplished by the American soldiers, who, fighting mad, laid down a certain barrage and smashed the enemy trenches by a well-organized and effective raid, is merely illustrative of the fact that the salvationists are working in posts of danger and in doing it appealing to the men to whom they are ministering.
The Salvation Army folk have a somewhat different conception of duty from other organizations. They are not over there for the sole purpose of ministering to the souls of the soldiers or solely to their bodily comfort. They are over there to be useful as opportunity presents itself, and their work has won them high regard. When opportunity offers they hold evangelical service. When the boys want "sinkers" and coffee the army men and lassies supply them if they beg, buy, or steal them. They are working efficiently and gaining the love and admiration of the troops by their work. None of the soldiers, when they come back, will sneer at the other "Army."

EIGHT-HOUR DAY

FOR RAILWAY MEN
Having attained the McAdoo wage schedule, the combined membership of the Brotherhood of Railway Employees, extending from coast to coast, have made a demand upon the Dominion Railway War Board for an eight-hour work-day, under the terms of the McAdoo award to railway employees in the United States. That their demand will be granted seems almost certain. The Brotherhood is pressing for eight hours a day, stipulating the hours from 8 a.m. to 5 p.m.

EX. BANK MANAGER ENTERS

INSURANCE FIELD.

Albert C. LaBelle, formerly Manager of the Royal Bank of Canada at one of their branches in Montreal has secured the agency for the Northern part of New Brunswick from the Mutual Life Insurance Co., Canada. While Mr. LaBelle is to be congratulated on securing the agency for this exceedingly well known and important concern, the company is also fortunate in having their representative one so well and favorably known in this community and the good wishes of many friends will follow him in his new venture.

Pockets for the Government.

The movement of the Government toward a conservation of wool through the curtailment of masculine pockets should not be greatly disturbing. Economy and the trend of times no make many pockets as useless as the vermiform appendix.

Why should a man have five pockets in his trousers, six in his vest, and the same number in his shirt? Location has put the pistol pocket out of business, and from southern states the flask has vanished.

Except for decorative purposes women have more than one pocket in their gowns, and in most cases none. There are religious sects which abhor pockets and even buttons, yet they seem to prosper.

Three outside coat pockets is the number set forth in the new request, which is a very moderate demand. What should all do is to help fill Uncle Sam's one big pocket so that he can wallop the kaiser in the quickest possible time.

Design Frustrated.

"Pardon me for referring to the matter, Githersby, but you borrowed \$50 from me some time ago."
"By Jove, so I did."
"Er—just at present I'm—"
"And I want to take this opportunity to tell you, Dubwinte, that I have remarked that I don't know how many of our friends and acquaintances that you are the biggest-hearted, most considerate fellow I ever knew—the kind of man who would let people owe him money for years rather than hurt their feelings by asking them for it. Fine day, isn't it?"
"Pretty fair. Guess I'll toddle along."

Gas-Driven Cars in Denmark.

An advertisement has appeared in one of the Christiania papers offering for sale motors that can be operated with peat gas instead of benzine or petroleum. The alterations have been made in accordance with a Danish invention that makes it possible to use peat gas as fuel for motors. It is said that several thousand of the motors are being used in Denmark, and that they have met with success. The new motor is stated to consume from one to two kilos of peat (2.2 to 4.4 pounds) per horsepower hour, according to the quality of the peat.
