

Come to our NEW PERFECTION Oil Cook Stoves and Ovens Demonstration

It isn't necessary to nearly cook yourself every time you have to cook a big dinner, nor do you need a big fire just to boil a kettle. Use a New Perfection Oil Cook Stove and your kitchen will always be cool, because you can regulate the heat to your requirements and because all the heat generated goes into the food, not into the air.

The Long Blue Chimney burner is the secret. Come to our special demonstration and let us show you how simply, perfectly and economically the New Perfection Oil Cook Stove works. Make special note of the date and bring your friends.
