

**OUR OWN COUNTRY.**  
Story of General Interest Received by  
Miss and Mrs.  
Josie LeBlanc, of Richibucto, N.B., was  
drawn from the St. John River.

Lewis Davis has been arrested at Potticodiac,  
N.B., charged with robbing a store and then  
burning it down.

A body containing a bullet was found at the  
door of Mr. John Black, of Belleville. Placed  
to the chair, the body was propped up, a  
legend which commenced: "Here is your  
daring offspring."

Winnipeg, of Manitoba, was dangerous  
by a bull last week.

Windsor has a population of 733.

Bulldogs are breeders in St. John.

Mr. Bell's Photo Studio.

The Canada Labor Courier is the name of a  
new paper, 8 pages weekly, published in  
Montreal.

J. C. Bell is in jail at Rivière du Loup, charged  
with burglarizing a store, and was found  
dead in his cell.

Winnipeg is again excited over the case of  
John Black, who disappeared so mysteriously  
last October. The arm of a man has been  
found up in the air, and the question is rife as to whom it belonged  
and how it got there.

Garrison, of Sylvia Avenue's watch  
man, has tried to make it keep good time. It  
kept such excellent time with Mr. Jackson that  
it is now in the hands of Mr. Garrison, who  
will sell it down a little.

An unmarried clergyman in St. John's Mar-  
ried himself with a girl of a terrible  
character.

A new polling booth has been discovered in  
Richibucto, N.B. It is large enough to  
induce delirious tremors in nervous people. It  
is supposed to be the work of the *Red* men, who  
are using it as a place to sit on their way to Toronto.

The Halifax correspondent of the Montreal  
Gazette sends a whole column to the *Advertiser*,  
the alleged forger. The Bank of Montreal  
Yesterdays sent back to him the \$1000  
in his safe, on the day on which an  
inventory of his stock was to be taken, an un-  
expected visitor came to the bank to withdraw  
more. Vines is suspected of forgery, fraud and  
kidnapping, but it will be hard to find legal  
proof.

Lizzie Burr of Bothwell, lately employed in a  
Windham hotel, has committed suicide and buried it  
in the cellar of the house where she was working.  
Her seducer was a wealthy citizen of Wind-  
ham.

Joseph Quinn, formerly of Chatham, was  
shot dead in a hotel room in New Haven, Conn., by a  
woman he had reputedly named Della Montague.

John Dore, Thomas Middleton and James  
W. Vines were fined \$20 each for contestation  
of the Scott's Act in Quebec. Welsh and  
Mills were fined \$10 each.

Miss Miller, of Ottawa, has been committed  
to trial at the Fall Assizes on a charge of  
homicide.

Windsor High School buildings have been  
condemned by Inspector H. G. Smith, of the Government's  
grant fund; satisfactory accommodation  
has been provided.

J. A. Johnson, of Minnesota, first cut his  
throat and then threw himself into a pond,  
where he was drowned. Financial trouble  
had driven him to despair.

"The Proper Study of Mankind is Man,"  
says Dr. K. V. Pierce. If he had in-  
cluded women in this, he would have  
been nearer the truth, if not so poetical.

Dr. K. V. Pierce has made them both a His-  
tory, especially of women, the per-  
centage of which in the galvanic system  
is liable. Many women in the land who are  
acquainted with Dr. Pierce, only through his  
"Favorite Prescriptions," bless him with  
all their hearts, for he has brought them  
the glad tidings of a new and important  
possibility to their sex, such as leprosy,  
problems and other displacements, alteration  
"internal fever," blushing, tendency  
to internal cancer, and other ailments  
reduced to one dollar, by dyspepsia.

A lady with her husband engaged in a  
handkerchief business, in a dentist's office, and  
exclaimed: "Doctor, I can't stand it any  
longer. These fangs tooth you made cause  
me the most terrible agony!" "Well,  
Madam, what would you have?"

"I guess you might as well Harry, if he  
can't imitate nature any better."

—Mr. John Neelands, writing from the  
Markham Farm, Adelaidon, Ont., says:  
"We have now Higgin's Elixir Balsam in  
our family for years. For heavy colds, sore  
throats and distressing coughs no other  
medicines can relieve."

If a Mr. Brown marries a Miss Gray,  
and son of this couple marries a Miss  
Gray, and a daughter of that son again  
marries Mr. Black, what color is their off-  
spring?

A free and easy expectation immediately  
relieves and frees the throat and lungs from  
viscid phlegm, and a medicine that pro-  
motes this is the best remedy for  
coughs and inflammation of the lungs  
and all afflictions of the throat and chest.

This is precisely what Bickie's Anti-Con-  
sumptive Syrup is a specific for, and  
ever used with great success and satisfaction.

Children like it because it is  
pleasant, adults like it because it relieves  
and cures the disease.

Mr. Baccon—My dear, Hawkins wrote  
me a letter from Florida, telling me the original "little  
liver pills" had been offered me an alligator if I  
would eat one. Shall I say "Yes"? Mr.  
Baccon (ignorant of the nature of the beast)  
"I guess you might as well Harry, if he  
can pick out a good singer."

No Trouble to Know  
—Dr. Pierce's "Falling Sickness" or the original "little  
liver pills" are pain or griping. Care  
will be taken to have no headache, song stomach and  
cleanse the system and bowels. 20 cents a  
vial.

In a restaurant: "Waiter, my comp-  
liment. The oysters which you have served  
me for the past two days are excellent."

"This is fact sir. Just now it is ex-  
tremely difficult to get old ones."

—It may be only a trifling cold, but  
neglect it and it will fatten its fangs in  
your lungs, and you will soon be carried off  
as under a green roof. Let this warning to  
you sudden changes and must expect to  
have coughs and colds. We cannot avoid  
them, but we can effect a cure by  
Bickie's Anti-Consumptive Syrup, and  
this will not only bring relief, but all  
curing coughs, colds, bronchitis and all  
affections of the throat, lungs and chest.

—What does this mean? asked a scholar  
who had been scolded by his teacher  
by a friend. "I said another," he  
replies.

—The superiority of Mother Graves'  
Worm Exterminator is shown by its good  
effect on the children. Purchase a bottle  
and give it a trial.

—When the vital current is irritated from  
any cause, scorbutic blebs in the form  
of pimples, some are blisters, others are  
diseases of the skin. In such a case the most  
efficacious purific is Northrop & Lyman's  
Vegetable Discovery and Dyspepsia Cure,  
which expels impurities from the blood as  
well as regulates digestion, the bowels, heart  
and kidneys. For female complaints it has  
no equal.
