The Report of the Experts Examines the Treasurer. The Appointment of an Independent Officer as Controller Recommended—Taxes Should Be Paid Direct to the Treasurer's Office.

Heard, Walter S. Lee and J. Herbert Mason, experts appointed to investigate the charges made by Mr. Menzies against the City Treasurer, have handed in their report, and at yesterday's meeting of the council it was referred to the Executive Committee.

Mr. Menzies' Mistake. They hold that the irregular payment of \$200 to Mr. Fleming cannot be charged to the account of the Treasurer's department, and that Mr. Menzies is in error as to the alleged omission of \$1400 from the books of the Treasurer.

Pay the Taxes Direct. "In the limited time at our disposal we did not attempt to examine into the general system of bookkeeping in use in the treasurer's office, but from what was shown we should judge the books to be in order."

Control Should Be Appointed. "The appointment of an independent officer as controller, upon whom was placed a collection of the multifarious duties now discharged by the treasurer could be thrown, appears to us to be the most desirable, if not absolutely necessary."

How It Was Done. "I saw an item in your paper a day or so ago, 'remarked a well-known downtown business man to The World yesterday, 'stating that Butler Bros. had sold out their boots and shoe stock, were seeking a compromise. But I can tell you something more about it."
