

CRISIS OF WOMAN'S LIFE

Change Safely Passed by Taking Lydia E. Pinkham's Vegetable Compound.

Wagoner, Okla.—"I never get tired of praising Lydia E. Pinkham's Vegetable Compound because during the change of life I was in bed two years and had two operations, but all the doctors and operations did me no good, and I would have been in my grave today had it not been for Lydia E. Pinkham's Vegetable Compound which brought me out of it all right, so I am now well and do all my household, besides working in my garden. Several of my neighbors have got well by taking Lydia E. Pinkham's Vegetable Compound."

Mrs. VIOLA FINICAL, Wagoner, Okla. Such warning symptoms as sense of suffocation, hot flashes, headaches, back-aches, dizziness, irascibility, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness should be heeded by middle-aged women. Lydia E. Pinkham's Vegetable Compound has carried many women safely through the crisis.

OVER 40 YEARS ON THE ROAD

The name of W. G. Reid of Hamilton, Ont., is a familiar one to thousands throughout the Dominion. For over forty years Mr. Reid has seen service as a commercial traveller. A letter recently received from him indicates how he suffered from Rheumatism, and at last found relief.

Read this letter: Hamilton, Ont. "About four years ago I wrote you of my condition from Muscular and Inflammatory Rheumatism and Kidney Trouble and my efforts through travel and change of climate to rid myself of these unwelcome guests, and how I only found relief in Gin Pills after spending a lot of time and money in foreign lands. Since then Gin Pills have been my sheet anchor. I find in advancing years a tendency of the kidneys to get out of order more easily than formerly but a few doses of Gin Pills puts them right and wards off other and more serious trouble. I feel it not only a duty but a pleasure to recommend Gin Pills for Kidney and Bladder Troubles to my thousands of personal friends throughout Canada to whom I am well known as a commercial traveller of over forty years' service."

Yours truly, (Signed) W. G. Reid. A sample of Gin Pills sent free upon request to National Drug & Chemical Co., 1 Canada, Limited, Toronto, or to the U.S. address—Na-Dru-Co Inc., 202 Main St., Buffalo, N. Y.

W. K. Crisp dug up in his garden a curiosity, consisting of a potato grown firmly into the curve of a fish hook. Whoever planted the fish hook probably did not expect to get a bite, but the hook caught the growing potato and held it firmly. Our community was deeply saddened last week by the sudden death of Roland Livingstone White, nine year old son of Mrs. Anne White. The little fellow was at school on Tuesday, the 2nd inst. Not feeling well on Wednesday, he remained at home but played about during the day. That night, serious symptoms developed, indicating croup with probably some other complications. On the morrow medical aid was summoned but nothing could avail to save the little life which passed away early in the evening, Thursday, Oct. 4. On Saturday afternoon the little fellow was laid to rest in the cemetery at Young's Cove, under the tender ministrations of Rev. E. Underwood. The funeral was attended by an unusually large number of relatives and friends. Mrs. Emma Chute came home from Lawrence town and is remaining awhile with the bereaved mother and brother and sisters. Little Roland was a general favorite and will be greatly missed, not only in the home circle, but also in the school and throughout the whole community. We extend our deepest sympathy to the mother, brother, sisters and other friends.

DELCO LIGHT It Brings City Conveniences to the Country. For several weeks Mr. Aubrey Brown, of Digby, agent for the Domestic Engineering Company, of Dayton, Ohio, has been advertising "Delco Light" in the MONITOR. Thursday we had a call from Mr. G. D. Denton, of Little River, who is demonstrating the outfit throughout many parts of the Maritime Provinces. It is simply a private electric light plant and gasoline engine combined and is certainly a great thing for villages or towns without an all night lighting service. The following are among some of the people in Annapolis and Digby counties who have recently purchased Delco Light outfits. Judge Harris, of Halifax, for his summer residence at Mount Clement. Norman E. Chute, Bridgetown, for his buildings on Granville street. J. W. Balcom, for his summer hotel and cottages at Clementsport. Mrs. Almon Hensley for her summer bungalow, "The Journey's End," at Barton, Digby county. Now that this convenient lighting is being so successfully introduced no doubt Messrs. Aubrey Brown, of Digby, and G. D. Denton, of Little River, Digby County, will install many of them during the next few months.

YES! LIFT A CORN OFF WITHOUT PAIN Cincinnati Authority tells How to Dry Up a Corn or Callus so it Lifts Off With Fingers. You corn-plagued men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain. A small bottle of freezone costs very little at any drug store but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin. If your druggist hasn't any freezone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time. Charles Haganan, of Ferndale, N. Y., has had an operation performed on the eyes of a cow, valued at \$7,000, in order to save the animal from being blind, and the cow now wears colored glass spectacles.
