### LAMPS FOR VEHICLES

Owners of all vehicles, whether drawn by horses or oxen, ought to seriously consider the advisability of carrying lamps for their own safety after dark whether the law in this regard is enforced or not. The non-glare headlights demanded of automobiles by the laws have considerably reduced the range of vision of their drivers. The improved highways tempt motor car drivers to a fairly good speed even at night. The driver of an automobile travelling at, say, twenty miles an hour runs some risk of colliding with an unlighted vehicle which comes into his vision only at thirty or forty yards distance.

In Europe and in some of the American States it is made compulsory for all vehicles to carry lights after dark. Why users of horse-drawn vehicles in this part of Canada have never seen fit to protect themselves in the same way is rather difficult to understand.

Several years ago the editor of the MONITOR brought this matter up before a meeting of the Western Nova Scotia Board of Trade, but nothing has since been done to enforce such a law which must come into effect in the near future, for an obstinate adherence to individual "rights" lacks common sense when personal safety advises otherwise.

### HOW TO REDUCE THE SALE OF INTOXICANTS

If all the towns would appoint clergymen as Vendors it would greatly reduce the list of prescriptions as it is astonishing how many church members who indulge regularly always want to hide the fact from the minister whom they never fail to hear preach the gospel every Sunday morning and evening. This same class of people, it is said, brought about the resignation of the Vendors in Prince Edward Island. They were all clergymen of the different denominations, and all their congregations requested them to quit being Vendors. We suppose 'twould be rather stimulating to have to go to your Pastor with a Per. Anyhow, they wouldn't stand for it, wouldn't PERMIT it. Wouldn't it work great in Bridgetown where the sale under the new law is rapidly increasing, or at least the number of prescriptions handed the Vendor are becoming more numerous every day.

### SOCIAL EVENT AT DEEP BROOK

One of the most pleasant events of the season was the reception of Mrs. Frank H. Dittmars at her home, the Sea Breeze House, Deep Brook, October 12th and 13th, when a large number of guests were served with a dainty lunch. Mrs. R. V. Dittmars, mother of the groom, who wore a dress of blue satin trimmed with black jet, sat with the bride, while in the cozy dining room tea was poured by Mrs. George Harris, of Bear River, who was dressed in black silk, while Miss Blinda Harris, who looked charming in her pretty dress of pink and white voile, passed refreshments. Mrs. Howard Rice, who wore a beautiful velvet dress attended in the gift room, while Mrs. Sollows, who wore white satin, tended the door.

### WOMEN'S INSTITUTE

Miss Helen MacDougall, Supt. of the Women's Institutes for Nova Scotia, will be in Lower Granville on the evening of Friday, October 21st, when a public meeting will be held in the Union Church at Goat Island, addressed by Miss MacDougall and other speakers. Several musical numbers will also be rendered. At the close of the meeting it is proposed to organize a branch society of the Women's Institute at that place. All are cordially invited to be present.

### ANOTHER DRIVING ACCIDENT

A reckless bicycle rider coming west on Granville street, Friday noon, turned into Queen street at full speed, ran into a Ford, parked on the wrong side of the street. Bicycle, car and boy were somewhat injured. Had the Ford been coming toward him the accident would have been a serious one. The result, however, should be sufficient warning to careless riders.

### KENTVILLE SANATORIUM

Eric Burrill and Arthur MacNeil, motored to Halifax and back Sunday. D. A. Comeau, of Meteghan, an ex-military patient, was here Wednesday, for Pneumothorax treatment.

"Somebody suggests kilts for men." Evidently a woman. Put kilts on men and never again would they have the nerve to criticize feminine styles.

A pigeon race between Windsor and Halifax is scheduled to take place on October 31st. The race will be the first held in this province, but some of the birds will doubtless give a good account of themselves, as they are all pedigreed fliers, and their owners are veterans at the game.

The officers and members of the G.W.V.A. all over Canada, in fact throughout the British Empire, and all allied countries will sell red poppies made by French orphans for Poppy Day, November 7th. Everyone in Bridgetown should purchase poppies from our local branch of the G.W.V.A. and we feel sure they will. ## ARMISTICE DAY

### "Buy A Poppy on Poppy Day"

Red Poppies made by French orphans, will be sold throughout the Allied countries for Armistice Day. The Poppy of Flanders has been adopted by the Great War Veterans Association, and will be adopted by all the Veterans of the Great War, in all Allied countries, as the Flower of Remembrance, or Memorial Flower.

The local branch of the G.W.V.A. will organize a "Poppy Day" for Saturday, November 5th, 1921. With the inspiration given by such a good cause, there should be a ready response from the public to assist in every way possible and to wear a Poppy on Armistice Day, showing an outward expression of sentiment.

THREE WORTHY OBJECTS There are three most worthy objects which we hope to attain by this "Poppy Campaign," as follows:—

1. "To inaugurate the custom of wearing the Poppy as a memorial flower on Armistice Day, and thus cherish in perpetuity the memory of our sacred dead."

2. "To provide local branches with relief funds to meet the distress which is certain to be occasioned by widespread unemployment during the coming winter."

3. "To aid the orphan children of the devastated areas in France to become self-supporting by purchasing at a reasonable price, the replicas in silk of the Flanders Poppy which they are manufacturing."
