WEDNESDAY, AUGUST 18, 1909.

—A Paradise reporter sends a Hal-  
fax exchange the following report as  
to the hay and apple crops of the  
Valley which is a correct view of the  
situation as represented by farmers  
to the Monitor/Sentinel. The sugges-  
tion as to the use of arsenate of lead  
in preference to Paris green is worth  
consideration."The majority of the farmers  
through the Annapolis Valley  
have their upland and intervalle  
hay stowed away under cover, and  
now the marshes present a busy  
scene. The dryness of the season  
has had a marked effect on the  
uplands, the crop on which will  
be little more than two-thirds of  
the average. The high marshes  
are also very light, but all low-  
lying lands are giving a good re-  
turn.""Hoed crops show the effect of  
lack of moisture—only continual  
cultivation keeps the crops grow-  
ing—and in many places potatoes  
and some other root crops are al-  
most standing still.""The dry weather has been par-  
ticularly favorable for the health  
of the potato bug and tent cater-  
pillar. In some places the former  
has stripped the vines down to  
the bare stalks, while the yellow-  
white webs of the latter are ex-  
tremely prevalent.""Farmers are naturally conserva-  
tive and slow to adopt new  
methods and until they throw  
away their Paris green and use  
arsenate of lead, they may expect  
these and kindred pests.""The apple crops, while not as  
large as some predicted, will be  
superior to the average in the  
quality line; spot is almost en-  
tirely absent, and with the added  
facilities of handling in the way  
of new warehouses, co-operative  
packing, etc., the profit to the  
grower should be larger than in  
the past.""Counting everything, there are  
close to a hundred apple ware-  
houses built and building, scat-  
tered through the Valley, with stor-  
age capacities of from 2,000 to  
20,000 barrels each."—An 'Old Timer' writing from Van-  
couver to an exchange, concerning the  
annual exodus from the east to the  
west, says: "If our young men would  
work at home as hard as they will  
have to when they come West, they  
would be better advanced by staying  
there. When the high wages of the  
West are compared with cost of liv-  
ing it only leaves a very small sur-  
plus."**MARRIED**ANDERSON—ELLIOTT.—At Middle-  
ton, on Tuesday, August 3rd, by  
the Rev. William Phillips, Mr. John  
Anderson, of Ottawa, and Miss  
Elizabeth Mildred, youngest daugh-  
ter of the late Mr. Ansley Elliott

Willis Freeman, infant son of Capt.  
and Mrs. Amon Rumsey."Beachcomber," in the Halifax  
Chronicle, writes: Pictou has one  
long-headed man at least. One of the  
prizes offered for competition at the  
Pictou County Exhibition is one of  
"five dollars for the best barrel of  
Gravenstein apples." The winning  
fruit to become the property of the  
donor of the prize. He will not be  
out a good deal on that piece of  
munificence. It is a wonder some oth-  
er Pictou man is not spurred on by  
this to offer ten dollars for the best  
Jersey cow, on the same conditions.**Upper Granville**Mr. Erdley Clarke, son of Mr. Ed-

home of G. L. Selfridge, Aylesford,  
Kings Co., was the scene of a very  
pretty double wedding on Wednesday,  
Aug. 4th, when his eldest daughter,  
Cora Blanche, was united in mar-  
riage with Leslie Grant Norwood,  
and Edna Jeanie with Amos Leroy  
Patterson. The ceremony, performed  
by Rev. D. Farquhar, took place on  
the lawn beneath a beautiful floral  
arch, and Mendelssohn's Wedding  
March was rendered by Mrs. Cuff-  
ford Fair, of Dartmouth. The  
brides were beautifully gowned in  
conventional bridal costume, carry-  
ing bouquets of white carnations,  
and were given away by their father.  
Both young ladies are extremely pop-  
ular, and their departure from Ayles-  
ford will be much regretted by their  
many friends. Mr. Norwood is a son  
of Charles Norwood, Berwick, and  
Mr. Patterson is the youngest son  
of the late Councillor Patterson, of  
Aylesford. The splendid collection of  
wedding gifts, comprising gold,  
cheques, silver, cut glass and linen,  
were tangible evidence of the esteem  
in which the contracting parties are  
held. A sumptuous wedding break-  
fast was served, after which the hap-  
py couples were driven to Middleton,  
where Mr. and Mrs. Norwood left by  
the Bluenose for Boston, and Mr.  
and Mrs. Patterson by the H. and  
S. W. for Springfield, where Mr. Pat-  
terson is at present doing business.At Kentville eight first offences and  
one second offence against the Cana-  
da Temperance Act have been proven  
against one individual. The fines  
totalled \$500 and the defendant has  
gone to jail for nineteen months in  
default of payment.**North Williamston**Service here on the 29th at three
