Patent Sustained

BY RECENT ACTION OF THE
United States Supreme Court

After five years of litigation, unlicensed use of the Septic Process has been declared illegal.

Municipalities and others contemplating the installation of Sewage Disposal Plants are invited to avail themselves of our facilities for and experience in treating sewage.

We offer three propositions:

- 1.—To design Sewage Disposal Plants and take contracts for their construction.
- 2.—To furnish plans and specifications and license the use of plants.
- 3.—To license the construction and use of plants designed by other engineers.

Hereafter infringements will no longer be tolerated, and owners of unlicensed plants are invited to write us for the purpose of effecting settlements.

Liberal Terms will be offered where
useless litigation is avoided
