HALIFAX INSTITUTION.

"La grippe" got in the Institution at last. Several of the pupils were down with it, also two or three of the teachers, but they were all right again in a few days.

Rev. Mr. Bond, of the Brunswick Methodist Church, kindly invited the pupils to his lecture on Palestine, one evening this month. The lecture was both interesting and instructive.

The weather has been very fine during the past month with plenty of snow. Several big sleigh drives passed the Institution, which reminded the pupils of the one they had last winter. The boys succeeded in getting the rink in order and had pleasant times skating on it.

We welcome the CANADIAN MEN as an interesting addition to our list of papers. We were all pleased with the stories and other readable matter found in it. We congratulate the Belleville Institution on their successful effort and trust their publication will have the circulation it deserves.

The Miss Grooms, two deaf and dumb ladies from England, who have been in Manitoba looking after the interest of deaf-mute settlers there, stopped a fortnight at our Institution on the way back to the old country. One of them was very delicate, and we were afraid she would suffer from sea sickness in crossing to Liverpool. We have not yet heard from them, but we trust they have arrived safely.

During the past few days we have had good fun coasting. One day, at recess, as one of the boys was crossing the coasting track a sled came down upon him before he had time to get out of the way, and took his feet from under him. He fell upon the hard ice on his head with such force that he was unconscious for some time. He was quite recovered, however, before the day was over. This is the only ice accident we have had so far this winter.

We had one of the severest snowstorms on Thursday, 11th inst. (Election Day), that has been known here for many years. It blew a regular hurricane and the building tallight, Mr. Fearon was caught in it returning home from the other end of the town, and had considerable difficulty in reaching safe quarters. It was a new experience to him after the old country. It began just after the polls closed, and numbers of people who had gone to learn the result of the election were unable to get home and had to put up at the nearest hotels.

MONTREAL ITEMS.

There were last year, seven intermarriages among our deaf mutes. All have good business, and can support their wives comfortably.

We have had some deaf mutes from the old country during the past few years, and they find themselves well situated here and they do not intend to go away.

There are three old Belleville pupils in Montreal now, they are Messrs. Messier, Gagne and Phillips. There are three others from Toronto, Messrs. Rouleau, Welsh and Bolduc.

Our mute population was well increased not long ago, on account of the failure of a Quebec beet
