BALDNESS

Neither gasoline, vasoline, Carboline, or Allen's, Ayer's, or Hall's hair restorers have produced luxuriant hair on bald heads. That great discovery is due to Mr. Wintercorbyn, 144 King St. West, Toronto, as can be testified by hundreds of living witnesses in this city and the Province. He challenges all the so-called restorers to produce a like result.

The Restorative is put up in bottles at \$1 per bottle, or six for \$5. For further information, address CHARLES MAITLAND WINTERCORBYN, 144 King Street West, Toronto.

PRESBYTERIAN
YEAR BOOK
FOR 1880.

Edited by Rev. James Cameron.

NOW READY,

The PRESBYTERIAN YEAR BOOK FOR 1880, containing full information about the Presbyterian Church in Canada, and a large amount of varied intelligence with regard to the present condition of the Presbyterian Churches of the United States, Great Britain and the Continent of Europe.

This publication was begun in 1875, and year by year has received favourable notices from our own press in Canada and the press of the United States, and also special favour and praise from the Assembly Clerks of various Presbyterian Churches.

The information contained in the issue for 1880, will be found unusually complete; and there are several illustrations of prominent church edifices.

OPINIONS OF MINISTERS, ASSEMBLY CLERKS, AND EDITORS.

"It contains complete information on almost every subject relating to the Presbyterian Church in the Dominion, and will prove of great value to the members of that denomination."—Montreal Witness.

"... This collection of varied and interesting information must secure for the work a cordial reception by all who take an interest in the position and prospects of the Presbyterian Church. It is printed, we may observe, in a neat, clear type, and its execution reflects credit both on the editor and the well-known firm by which it has been issued."—Paris Transcript.

"We seldom find, in so modest and unpretentious form, so much and so various ecclesiastical information. After a very exhaustive, yet concise, account of the Church, in her various branches in British North America, there is an account of the many families of our tribe 'scattered abroad,' acquainting us with even distant Australia. The relation subsisting between our Canadian brethren and us, ought to be, and must continue to be, of the very closest nature. It were well if our people, and particularly our ministers, availed themselves of the assistance this little work affords; as a convenient 'thesaurus' of valuable information."—Philadelphia Presbyterian.

"This is a 'handy-book' for Presbyterians, giving them a perfect plethora of information concerning their Church, in all its branches throughout the world. It is edited by the Rev. James Cameron of Chatsworth, who has thus done a great service to the Church of which he is an ornament and has rendered it inexcusable in any Presbyterian henceforth to be ignorant of the progress and position of his denomination."—Palmerston Progress.

"I need not say that I highly approve of your spirit and enterprise in compiling 'The Year Book of the Dominion.' You have rendered a great service to your churches, by whom your work should be extensively patronized, and your labour and editorial skill amply compensated. It is an admirable publication, and should be found in every Presbyterian habitation throughout 'the Dominion.'"—Edwin F. Hatfield, Clerk of Presbyterian Church, U.S.A.

Mr. Croil, of the "Presbyterian Record," says of the "Year Book": "It is one of the best thumbed periodicals in our office. Every Presbyterian should have it."

"The 'N. Y. Independent,' a disinterested authority remarks: 'It is one of the best ecclesiastical annuals published in THE WORLD. It not only gives complete denominational statistics for its own country, but for the Presbyterians in all parts of the world—the only Presbyterian Year Book that we know of that covers so much ground. . . . There are also general statistics of great value.'

Price 25 cents per copy. Post Free on receipt of price.

Scientific and Useful.

IT NEVER FAILS.—Dr. Fowler's Extract of Wild Strawberry is an unfailing remedy for all kinds of bowel complaint.

TO KILL RATS.—Take two parts of cornmeal to one part of unslacked lime, and place it where the rats are likely to find it. They will eat it speedily, and as soon as they drink water the lime will slack and kill them.

TO REMOVE FRUIT STAINS FROM LINEN.—Rub the part on each side with yellow soap, then tie up a piece of pearl-ash in the cloth, and soak well in boiling water. Afterwards expose the stained part to the sun and air, until removed, and repeat if necessary.

DR. FOWLER'S Extract of Wild Strawberry cures canker of the stomach and bowels, dysentery, cholera morbus, and all summer complaints.

TO REMOVE DIRT FROM OLD OIL PAINTINGS.—Sponge the soiled surface with warm water, then cover it with spirits of wine, renewed every ten minutes. Wash this off with water, but without rubbing. Repeat the process until the whole of the spirits of wine be removed.

STATUETTES.—Statuettes of alabaster can be cleaned by the following method: Put two ounces of aquafortis into a pint of pure cold water. Dip a clean brush in this liquid and wash the alabaster with it for five minutes or more. There should be a brush small enough to go into the most minute parts. Then rinse it with cold, clear water, and set it in the sun for two or three hours to dry.

THE greatest popularity of Dr. Fowler's Extract of Wild Strawberry is where it has been longest known. Time cannot detract from its merits. It is the old reliable remedy for all bowel complaints incident to the summer season.

BUTTERMILK AS A MEDICINE.—A Detroit physician asserts that for a hot-weather drink nothing equals buttermilk. It is, he says, both drink and food, and for the labourer is the best known. It supports the system, and even in fever will cool the stomach admirably. It is also a most valuable domestic remedy. It will cure dysentery as well and more quickly than any other remedy known.

DISCOLOURED LACE.—When lace has been discoloured soap it well and put it in cold water, just enough to cover it. If very dirty change the water at the end of twenty-four hours. When sufficiently steeped, wash it in warm water, and rinse it out carefully. Before ironing lace it should be picked out evenly, and rolled in a towel; when nearly dry it will be easily ironed, and look as well as if clear-starched.

VENTILATION IN THE SICK ROOM.—With a proper supply of windows, and a proper supply of fuel in open fire places, fresh air is comparatively easy to secure when your patient or patients are in bed. Never be afraid of open windows then. People don't catch cold in bed. This is a popular fallacy. With proper bed clothes and hot bottles if necessary, you can always keep a patient warm in bed, and well ventilate him at the same time.—Florence Nightingale on Nursing.

SAVORY OMELETTES.—Break three eggs into a flat dish, or large plate; add a little cream, chopped parsley, pepper and salt, according to taste. Beat them well together with a knife. Have ready a brisk clear fire; put two ounces of butter into the omelette pan; get it to a boil, then add in the mixture, and keep it well stirred and shaken. When set, tilt the pan so as to fold the omelette; then turn it out on a hot dish, and shape it lightly with the fingers.—The Girl's Own Paper.

THE GREAT TRIUMPH of the nineteenth century is the great medical climax, Burdock Blood Bitters, cures all diseases of the blood, liver and kidneys, nervous and general debility, and is the purest and best tonic in the world.

CHERRY JAM.—Crush the fruit; take out the stones; boil three-quarters of an hour; add six ounces of sugar to one pound of fruit; boil three quarters of an hour longer. If the jam is very juicy, some of the juice may be taken from it and kept in well-corked bottles for flavouring; the stones of about half the quantity should be cracked and the kernels boiled with the jam. A pint of red currant juice is often used to six pounds of cherries, making the preserve more agreeable.—Practical Family Dressmaker.

HAVE COURAGE.—You may suffer from scrofula or some foul humour, your liver may be congested your lungs diseased, your kidneys deranged, your joints distorted with rheumatism, you may be almost a walking skeleton, yet despair not; Burdock Blood Bitters has cured others—it may cure you.
