Warwick & Sons' Canadian Series of School Books.

Extracts from reports of Inspectors of Collegiate Institutes and High Schools, to the Hon. the Minister of Education,

1884: "One of the greatest drawbacks to the educational value of the study of the prescribed English texts, is the use by pupils of the profusely annotated editions with which the schools are flooded. In the hands of the pupils they are disadvantageous, as they rid him of the which some necessity of interpreting for himself, and consequently imbue him with the fallacious idea that the notes are of more importance than the text. There is a possible avenging Nemesis, however, in the fact that the examinee, in preparing his paper, studiously avoid coming in contact with the notes."—*J. E. Hodgson, Esq., M.A.; page 151.*

"On the principal that nothing should be told the pupil which he can find out for himself, the literature selections would be better without notes, certainly without the vicious and costly padding which is heralded by enterprising publishers as containing everything that is necessary to pass the examinations."—*J. Seath, Esq., B.A.; page 152.*

Unannotated Edition of the English Literature for 1887.

THOMSON'S SEASONS.

Paper Cover, Crown Octavo, 168 pages; heavy calendared paper; blank leaves at end and ample margin on every page for student's own notes.

SOUTHBY'S LIFE OF NELSON.

Cheap Edition, price only 25 Cents.

N.B.—In preparing the text of the "Seasons," the editor has aimed at reproducing closely the latest edition published in the author's lifetime, with a view to giving the genuine form in which the poems appeared after the author's own latest revision. This is of great importance as several corrupt editions have been issued from time to time.

To the prescribed portion of "The Life of Nelson" a summary is attached, in order that the pupil may read the text intelligently, and the book is self-contained for class purposes. A carefully compiled Chronological Table has been added showing the relation between the more important events in the personal career of Nelson and the course of general contemporary history. The great advantage of such collateral information is obvious to every teacher.

The few notes that appear in the work are chiefly by the authors themselves, being considered necessary in explanation of the text.

PHYSICAL CULTURE.

First Book of Exercises in Drill, Calisthenics and Gymnastics, for use in Colleges and Schools in Canada, by E. B. Houghton, late Teacher of Gymnastics and Calisthenics in the High School, Chatham, Ontario.  
Crown Octavo, toned paper, 280 pages; handsomely bound in cloth. Price, 50 cents.  
Authorized by the Hon. the Minister of Education.

The book is divided into Part I. for Boys, and Part II. for Girls, each part comprising Drill, Calisthenics and Gymnastics. With the exception of the "Drill" (which is a reprint of "Queen's Regulations," the word "pupils" being substituted for "soldiers," and a few other verbal changes and adaptations made), the chapters are original and contain such features as Time Table for Summer and Winter Exercises; Description and Furniture of Gymnasium; Fitting Apartment for Gymnasium in Public School; Engravings and Diagrams illustrative of the Exercises, &c., &c.

BALDWIN'S ART OF SCHOOL MANAGEMENT.

Printed from New Type on Toned Paper; Cloth, Crown Octavo, Price 75 Cents. Recommended by the Hon. the Minister of Education for Teachers in Training and Teachers' Course of Study.

The portions of this book which were found to be unsuited to Canadian schools have been eliminated and a few necessary changes made in the text. The book is now in better shape for the use of Canadian Teachers and, being published at one-half the price of the old edition, is within reach of every grade of the teaching profession.

CIRCULAR TO PUBLIC SCHOOL INSPECTORS.

EDUCATION DEPARTMENT, ONTARIO,  
TORONTO, May 1st, 1886.

SIR,—The Drawing Classes conducted at the Education Department, Toronto, during the last two summers will not be continued during the current year. It is nevertheless desirable in order still further to qualify teachers in this subject, that facilities of some kind should be offered for their self-improvement. Instead of the classes formerly taught at the Department it is now proposed to give a grant to each Inspectoral Division in which a class is formed for instruction in elementary drawing.

The conditions on which such classes may be formed are:—

1. The class must consist of at least ten persons holding a Public School Teacher's Certificate.
2. The teacher in charge must possess a legal certificate to teach drawing; or be approved of by the Education Department.
3. At least 30 lessons of two hours each must be given.
4. Teachers who attend this course will be allowed to write at the Departmental Examination in Drawing in April, 1887.
5. The Primary Drawing Course only shall be taught.
6. A grant of \$20 will be made for each class of ten pupils but only one class will be paid for in any Inspectoral Division.

Will you be good enough to inform the teachers of your Inspectorate of these proposals in order that they may make the necessary arrangements for organizing classes.

Yours truly,

GEO. W. ROSS,  
Minister of Education.
