One Day at a Time.

BY JOHN IMRIE, TORONTO, CANADA.

WHEN worry, and care, and toil are ours,
And the day's weary heights we climb,
Let's think of the restful evening hours—
We live but one day at a time!

So let us toil on for those we love,
To fret and despair is a crime;
'Twill lessen our load to look above;
We live but one day at a time!

To labor and toil is man's estate,
The reward will come—dime by dime;
Be it ours to bravely work and wait—
We live but one day at a time!

Then work with a will and sing this lay
To the tune of the evening's chime,—
"Let cauter and care fly swift away!"
We live but one day at a time!

And at last, when life's grey shadows fall,
Ere we pass to the realms sublime,
We shall hear the Master's welcome call:
"Thou hast lived well, one day at a time!"

JOHN IMRIE'S POEMS, containing about 400 pages, neatly bound in cloth and gold, will be sent, post free, on receipt of one dollar. IMRIE, GATHAM & Co., 31 Church St., Toronto, Canada. Only a few copies left.

"Fully Realized."

The Investment policies maturing in the North American Life Assurance Company during the current year are giving the same unqualified satisfaction to the holders as the results realized on similar policies in past years. Mr. F. W. Holt, Civil Engineer, of St. George, N.B., in acknowledging the Company's cheque under his policy, writes:—

"The cash results of my tontine Endowment Policy, No. 2,380, which I have had the good fortune to hold in your Company, have been highly satisfactory to me, and now that the policy has matured, it is very gratifying to find that all, if not more, of the cash results that were represented to me at the time I insured in the North American Life have been fully realized. This experience, together with the liberal treatment that I have always received from the North American, enables me to recommend the Company to others.

"F. W. Holt."

"Undoubtedly the North American Life Assurance Company has attained that degree of solidity which can best be understood by comparison with any of the large companies. In all essentials—especially those of acquired surplus and surplus-earning power—it is not excelled to-day by any other company."—Extract from Consulting Actuary's Report, January, 1895.

Full particulars regarding rates and investment policies, can be secured at the Head Office of the Company, Toronto.

The Court of Session has sanctioned the scheme for administering Colonel Maclean's trust, founded in 1850, under which the Glasgow magistrates will be the trustees, and £5,000 will be set aside and its free income divided equally between the Established and Free Presbyteries of the city for the maintenance of Gaelic services, and for the moral and religious improvement of Gaelic-speaking residents.

After the Grip

I was in a dreadful state, weak and miserable.

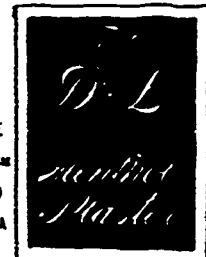

Mr. Joshua Smith Doctor said I had Bright's disease. My kidneys were in dreadful condition. I read about Hood's Sarsaparilla and decided to give it a trial, thinking at the time it was not much use as nothing helped me before. But, thank God, I got relief after the first bottle. I kept on taking it and used five bottles; am now a cured man; never felt better. I owe my life to Hood's Sarsaparilla. JOSHUA SMITH, 301 Market Street, Brantford, Ontario.
