

From the Springs To Your House In Sterilized Bottles--

Untouched and untainted by external impurities.

By impure air, dirty pipes, contact with sewage.

Do YOU realize how necessary and important MAGI CALEDONIA WATER is to you?—the pleasure it adds to eating and drinking?—the safeguard it is to your health?

Magi is bottled at the Springs in sterilized pints and split* (aerated), and half gallon bottles (still). Order from your grocer.

EASY TO PUT ON

Just add cold water to Alabastine and apply with a brush. Sounds easy, doesn't it? And it is easy. With Alabastine any woman can be her own decorator and readily accomplish most dainty and artistic effects.

Many new and beautiful ideas for home decorations are illustrated and explained in our handsome book, "Homes, Healthful and Beautiful." Former price, 10c. On request mailed free to readers of this publication.

Alabastine is a hygienic cement, made from white gypsum rock. Quickly hardens and becomes part of the wall. Most indestructible as well as the most healthful and artistic wall covering in existence.

Alabastine is sold by hardware and paint dealers everywhere—a 5-pound package for 50 cents. Ask your dealer for tint card. Never sold in bulk.
