Mercantile Summary.

WM. KABERY a grocer doing a small business
on King street east, Toronto, has disappeared;
liabilities small.

THE WORLD'S supply of fine wool from the
three principal sources, Australia, Buenos Ayres,
and Cape of Good Hope for 1871 is estimated at
372,904,424 lbs. against 328,448,718 lbs. in 1870.
California is estimated to produce this year
eighteen million pounds of wool.

THE DISAPPEARANCE of Mr. R. J. Thompson, a
hardware merchant of Wolfville, N. S., with
pretty heavy liabilities and but a small per-
centage of assets has caused some chagrin in
that neighborhood among those who trusted
him; and has led to many but useless enquiries
as to his whereabouts.

PROFESSOR CHAPMAN of the Toronto Univer-
sity has expressed the opinion that the English
company formed for working the titaniferous
iron deposits on the river Gouffre below Quebec
will not find the operation very profitable owing
to the presence of titanic acid in the ore. The
Moisie titaniferous sand is of a different charac-
ter and of a greater commercial value.
