## THE EMERSON STEAM PUMP

Pulsometer type, best in the world

to handle gritty water, for confined situations, and for the everyday pumping needs of a contractor. It has no packing glands, rubbing surfaces, exhaust pipe, rocker arms, pulleys, belts, fly wheels, priming pipes, make no noise. It has more points of merit and fewer of demerit than any other. It will handle gritty material without damage to itself. It is simple, reliable and will stand rough usage with the minimum expenditure for repairs.

Write for Catalogues.

We also handle Hoisting Engines, Steam, Gasoline and Motor driven; Duplex Steam and Power Pumps and a full line of Railway and Contractors' Supplies.
