#### **8.4 ADDITIONAL ITEMS TO TAKE WITH YOU**

Your business plan and oral presentation can be complemented by a number of additional items which you will wish to take with you. The pre-departure check lists shown on the following page provide you with a good summary of what you are most likely going to require. You should also indicate, well in advance, a target date for each item. This will allow you to ensure that you will have everything in place in time and ready to go before you proceed on your journey abroad.
