

Third instalment to Eloi Cote, Chicoutimi, Que., \$480.

Second instalment to Pictou County Dairy Company, Limited, Stellarton, Nova Scotia, \$3,500.

Second instalment to A. Landry, Riviere du Loup, Quebec, \$875.

First instalment to Nova Scotia Public Fish and Cold Storage Terminals, Limited, Halifax, Nova Scotia, \$326,250.

First instalment to Pacific Coast Terminals Limited, New Westminster, British Columbia, \$135,000.

Mr. LUCAS: What will be the total cost of the buildings at Halifax and New Westminster?

Mr. MOTHERWELL: The total subsidy is 30 per cent of the total cost; we pay half the subsidy the first year while the other half is spread over three or four years, so these amounts will represent 15 per cent of the total cost.

Mr. LUCAS: What percentage is paid by the government towards the cost of these buildings?

Mr. MOTHERWELL: We pay 30 per cent of the total, under the terms of the Cold Storage Act.

Item agreed to.

Fruit, including grant of \$8,000 to the Canadian Horticultural Council, \$336,000.

Mr. FANSHER (Last Mountain): I notice this vote includes \$8,000 for the horticultural council. Will the minister tell me the names of the president and secretary of that organization?

Mr. MOTHERWELL: While my deputy is looking up that information I might tell my hon. friend that there is an increase of \$46,000 in the vote, which increase is largely returnable to the treasury. This amount is to provide for the inspection of fruit in British Columbia, Ontario and Quebec, and this money will be repaid very largely through the charge of \$3 for every car inspected. There is some slight statutory increase in salaries, in addition.

Mr. SENN: Would the minister tell us who compose the horticultural council and what institutions or societies are represented on it?

Mr. MOTHERWELL: Mr. Burrows of Ottawa is the secretary and Mr. J. H. Lavoie, Quebec City, is president. The Canadian Horticultural Council represents 216 horticultural and allied industry organizations having a membership in excess of 85,000. I will give the list of officers.

Mr. SENN: I asked what societies were represented by that council; are they producers' societies?

Mr. MOTHERWELL: Yes, I understand they are all producers' societies.

Mr. SENN: Will the minister say whether the dealers are represented?

Mr. MOTHERWELL: We will get that information.

Mr. McMILLAN: The shippers, the jam manufacturers, and all the manufacturers of these lines are represented.

Mr. ROWE: The consumers' league.

Mr. MOTHERWELL: The membership of the council is as follows:

- Hon. President
- Colonel H. L. Roberts, Grimsby, Ont.
- Past President
- J. T. Mutrie, Vernon, B.C.
