### TOURISM

OMISSION OF THREE MARITIME PROVINCES FROM  
PROMOTIONAL RECORDING—MOTION UNDER S.O. 43

**Mr. Mel Gass (Malpeque):** Mr. Speaker, if you dial 215 563-1708 you will reach the Canadian government office of tourism in Philadelphia. Then a recording will provide you with the toll free numbers for travel information in Nova Scotia, Quebec or Ontario. There is no mention of Prince Edward Island, New Brunswick or Newfoundland. If the purpose of this recording is to advise American tourists about vacation destinations in eastern Canada, then the provinces of P.E.I., New Brunswick and Newfoundland should be mentioned. Therefore I move, seconded by the hon. member for St. John's East (Mr. McGrath):

That this House instruct the minister responsible for tourism to give CGOT officials a lesson in Canadian geography by advising them that there are three other provinces in eastern Canada, namely, Prince Edward Island, New Brunswick, and Newfoundland.

**Mr. Deputy Speaker:** Is there unanimous consent for the member to move this motion?

**Some hon. Members:** Agreed.

**Some hon. Members:** No.

### PIPELINES

NORMAN WELLS-ZAMA LAKE—PRECONSTRUCTION WORK—  
MOTION UNDER S.O. 43

**Mr. Dave Nickerson (Western Arctic):** Mr. Speaker, despite repeated calls from the people of the Mackenzie District to allow preconstruction work to start on the Norman Wells-Zama Lake pipeline so that local people can take advantage of the jobs and business opportunities, something that will not take place if the NEB schedule is adhered to, the government refuses to sanction work this winter. Therefore I move, seconded by the hon. member for Medicine Hat (Mr. Hargrave):

That Interprovincial Pipelines Ltd. be authorized to start preconstruction work on the Norman Wells-Zama Lake pipeline forthwith.

**Mr. Deputy Speaker:** Is there unanimous consent for the member to move this motion?

**Some hon. Members:** Agreed.

**Some hon. Members:** No.

### HOUSING

CALL FOR ASSISTANCE TO INDUSTRY—MOTION UNDER S.O. 43

**Mr. Stan Darling (Parry Sound-Muskoka):** Mr. Speaker, housing starts in Canada during the second quarter this year were half of those during the same quarter a year ago. Starts during the first half of the year were only 62,293. Despite this, the minister responsible for housing says he still expects total starts to reach 180,000, a figure most experts feel is vastly overinflated, while they predict starts will not exceed 150,000. I move, seconded by the member for Prince Edward-Hastings (Mr. Ellis):

That the minister responsible for housing impress upon his colleagues in cabinet the need for immediate positive measures to be taken to aid the unsound housing industry.

**Mr. Deputy Speaker:** Is there unanimous consent for the member to move this motion?

**Some hon. Members:** Agreed.

**Some hon. Members:** No.

### NATIONAL DEFENCE

COST OF PARTY TO WELCOME FIRST CF-18 FIGHTER AIRCRAFT—  
MOTION UNDER S.O. 43

**Mr. Terry Sargeant (Selkirk-Interlake):** Mr. Speaker, I rise under the provisions of Standing Order 43. Yesterday, in order to make the first CF-18 feel welcome and wanted when it rolled off the assembly line, two Hercules transport aircraft and one executive jet carried some 90 DND and government officials from Ottawa to St. Louis, Missouri, for a party; as well, another Hercules carried the Air Command Band from Winnipeg to St. Louis. In light of this blatant waste of tens of thousands of taxpayers' dollars at a time when the government is supposed to be slashing waste and is restricting pay increases to, among others, Armed Forces members, I move, seconded by the hon. member for Skeena (Mr. Fulton):
