

men of the students in the Minnesota College. the envelope
I am sending this at a venture, as I received it long
ago - in connection with my few shares I have in C.P.R.
My son would be angry if he knew. I sent the
letter to you + my grandson ^{Dr.} Frank Emmons
of McGill would have a fit as he has met you
at the College. Will you please send the letter
back as my children here have not seen it + I want
them to help him.

Yours respectfully.
