T. EATON CLIMITED

Where Did Money Go? Mr. Miller's principal defence was that he could not answer the questions propounded by the public accounts committee without exposing his hand in the law suit pending between him and the stockholders. That law suit is now to be tried in the courts at Mont-APPREHENSION FELT real next week, and will be followed with great interest. Unless Mr. Miller makes a full disclosure as to how he expended \$40,000 in getting government business under the Laurier ad-ministration he will probably be haled again before the public accounts com-

STEAM PLOWS FOR PEACE RIVER LANDS

EDMONTON, Alta., Feb. 22 .- John Harris, formerly of Oklahoma, and H. L. Adair of Southern Alberta, have he distinction of taking the first steam plows into the Peace River country north of the 55th parallel of latitude, where they will engage in grain-growing and mixed farming. Harris has a tract of 4,000 acres in the Grande Prairie district, and Adair has between 4500 and 5000 acres near Lake Saska-toon in Northwestern Alberta. These plows will break from 40 to 50 acres of land in 16 hours, working with two shifts. Harris is planning to break 2400 acres the coming spring and seed it to wheat and barley, which he will feed to stock next winter. Heads of implement houses in Edmonton report that 20 steam plows have been contracted for delivery during April and This means that many thousands of acres of virgin lands north of Edmonton will be broken and culti-
