

SUMMER FROCKS  
 OF FANCY VOILES

Feature Chic Little Boleros  
 and Voluminous  
 Skirts.

NEW STRIPED BORDERS

Small Figured Designs in Pale  
 Colors are Attractive.

Daintily striped and bordered voiles  
 for afternoon frocks are decidedly  
 effective and in excellent taste.  
 There are a number of ex-  
 clusive patterns carried out in the  
 popular black and white combination,  
 which smack of the very newest that  
 the fashion world has to offer.  
 A frock standing out in simplicity  
 was developed in a very fine white  
 voile with uneven stripes in black  
 forming the contrasting border.  
 The skirt was full and short-waisted,  
 and caught up on the side seams  
 to reveal a pretty little underskirt of  
 pussy-willow tulle, flounced and  
 edged with narrow rows of valenciennes  
 lace. The smart little bolero bodice  
 opened over a net and lace vestier. Re-  
 verses and the soft girdle which was hid-  
 den at the back, were of soft black  
 tulle.

For Young Girl.  
 A charming little model for a  
 young girl was in pink and white  
 stripes, also exploiting one of the many  
 charming, bolero, or over-bolero de-  
 signs. The skirt displayed a pretty  
 adjustment of three uneven floun-  
 ces, the centre one scooped, with bind-  
 ings of pink satin. The bolero had narrow  
 ruffles of the pink, and was slashed at  
 intervals and scooped to give the  
 popular petal effect at the lower edge.  
 The quimper and long sleeves of fig-  
 ured net exploited tiny jet buttons,  
 and narrow black velvet ribbon des-  
 cended character to this attractive little  
 model.

48TH HIGHLANDERS' CONCERT.  
 On Saturday evening at the armory,  
 the 48th Highlanders will hold a  
 military and patriotic concert. Owing  
 to the popularity of the 48th, and in  
 view of the fact that the proceeds will  
 be devoted to the Red Cross Society,  
 this concert should be well patron-  
 ized.

A FINE COMPLEXION

May Be Had Through the Rich,  
 Red Blood Dr. Williams' Pink  
 Pills Actually Make.

A girl's complexion is something  
 more than a matter to concern her  
 vanity. It is an indication of the state  
 of her health. Pallor in a growing  
 girl means a thinning of the blood.  
 Parents should be watchful of their  
 daughters' complexions and should  
 see to it that these danger signs are  
 corrected. When a girl in her teens  
 becomes pale and sallow, if she shows  
 an inclination to be easily tired, is listless  
 and inattentive to her work or studies,  
 she needs Dr. Williams' Pink Pills.  
 These pills directly and specifically  
 correct the condition from which she  
 is suffering. A chemical analysis of the  
 blood of such a girl would show it to  
 be deficient in just the elements that  
 Dr. Williams' Pink Pills can supply,  
 and which restore brightness to the  
 eye and color to the cheeks. Miss  
 Delina Arsenault, Urbainville, P.E.I.,  
 is one of the thousands of anaemic  
 girls restored to health by the use of  
 Dr. Williams' Pink Pills. She says:  
 "I was attacked with anaemia, and  
 was in such a miserable condition that  
 I had to consult a doctor, and was told  
 that I had to take medicine for some  
 time. I was very weak, and could not  
 do my school work. I was growing  
 thinner every day, and had dark  
 circles around the eyes. I could hardly  
 sleep at night, but tossed restlessly  
 and got up in the morning with black  
 anticipation of the day's miseries be-  
 fore me. I was always bothered with  
 headaches and pains in the back and  
 limbs. My appetite was poor and I  
 frequently vomited what I did eat.  
 My friends feared that I would not  
 recover. I had often seen Dr. Wil-  
 liams' Pink Pills advertised, and  
 finally decided to try them. I used al-  
 together nine boxes and they made  
 me as well as ever I was in my life.  
 All the pains and aches disappeared;  
 my appetite returned. I could sleep  
 soundly at night, and the color re-  
 turned to my cheeks. I also gained  
 seventeen pounds in weight. I am  
 now always well, and for this happy  
 condition I have to thank Dr. Wil-  
 liams' Pink Pills."  
 You can get these Pills from any  
 dealer in medicine or by mail at 50  
 cents a box or six boxes for \$2.50 from  
 The Dr. Williams' Medicine Co.,  
 Brockville, Ont.

Good Ideas

For the Baby's Carriage—Take one  
 yard and a half of double-width fine  
 white net and bind the edges with blue  
 or pink satin ribbon. Cover four small  
 flat lead shots with ribbon, and fasten  
 to each one rosettes to match the bor-  
 der. Attach these to the corners of  
 the veil. When thrown over the car-  
 riage the veil will keep flies and other  
 insects from the baby, will protect the  
 baby's eyes from dust, and, owing to  
 the weights attached, the wind cannot  
 blow it off.

An easy way to amuse a child when  
 the mother is doing housework, alone,  
 is to let him cut out pictures from  
 papers, dip them in clear water and  
 apply them to the painted wall of the  
 kitchen. This will afford a child in-  
 finite satisfaction and keep him employ-  
 ed while his mother is busy. No harm  
 will be done the wall, for by the time  
 he is tired of his play the pictures  
 will have begun to curl up and drop  
 off.

To induce children to "pick up" a  
 disordered room try making a game  
 out of it. Write on slips of paper the  
 words "door," "chair," "table," and so  
 forth, to indicate how the work is to  
 be allotted, and let the children draw  
 these from a hat. Each child attempts  
 to be "first" to make his portion tidy,  
 and with much racing and rivalry the  
 room grows neat as if by magic.

A table on which to dress little  
 children will be found a great con-  
 venience and will save many a back-  
 ache for the mother. Get a strong  
 kitchen table costing about a dollar  
 and a quarter, and either stain or  
 paint it, so that it will look neat. A  
 shelf may be added underneath, and the  
 little necessities may be kept; a cur-  
 tain hung from the top will cover it.  
 Little children may be made to be  
 dressed on this table, and the work  
 will thus be made easier for the mother.

PICNICS ACROSS THE WATER.

At the Canada Steamship Line's of-  
 fices at 46 Yonge street, arrangements  
 are already being made by societies,  
 clubs and houses and church commit-  
 tees for their annual picnics. Grimsby,  
 Niagara and Queenston offer charm-  
 ing accommodation for large or small  
 parties, and the sale of the big  
 steamer is always a delightful outing  
 for everyone. Reservation of dates  
 should be made early at the 46 Yonge  
 street office.

AT HANLAN'S POINT.

This is the last remaining day for  
 Island visitors to witness the perfor-  
 mances of the famous Dutton brothers,  
 whose wonderful feats of horsemanship  
 have distinguished this act  
 since the days of the States and Eu-  
 rope. Gene and Little Frisco also close  
 their engagement with two perfor-  
 mances today.  
 The British Canadian Band under  
 the direction of Prof. John Blea, will  
 render a popular musical program.  
 both afternoon and evening.

 feelings, headache, backache, bearing  
 down sensations, bladder weakness,  
 constipation, catarrhal conditions,

 ments, sense of falling or misplace-  
 ment of internal organs, nervousness,  
 desire to cry, palpitation, hot flashes,  
 dark rings under the eyes, or a loss  
 of interest in life, I invite you to  
 write and ask for my simple method  
 of home treatment, with ten days'  
 trial entirely free and postpaid, also

 this method. Write today. Address:

The Lizard's Tail

The Pickered Weed.

Today we shall speak of two well-  
 known native aquatic plants, which  
 are in our own Ontario, and easily  
 obtained from the nearby swamps for  
 your small lily-pool. The water  
 lily is a small native aquatic of very  
 easy growth, one that is rather odd  
 in appearance and one that serves  
 not only the purpose of a carpenter  
 along the moist stones around the  
 pond, but also as a true aquatic, grow-  
 ing in or on the water.

The leaves of this plant are very  
 rich deep green, heart-shaped and  
 borne on winged petioles, which marks  
 the plant out from all other aquatics.  
 The blossoms are very sweet, and  
 quite characteristic of the aquatic,  
 being deep cream, growing in long  
 slender, graceful racemes that droop  
 along the rocks and trail over the  
 smooth water, thus entitling it to the  
 name of "trailing lily's tail."

The bloom occurs in late spring or  
 early summer, so that our gardeners  
 who are also wild flower lovers may  
 be now on the watch in their roamings  
 by the river side for this entrancing  
 little plant.  
 The pickered weed which one should  
 never forget to grow, and which is  
 in on thru all the summer, is with-  
 out any manner of doubt our very  
 handsomest native aquatic, always ex-  
 cepting the water lily.

It is a strong vigorous plant deeply  
 colored, the slushy soil, growing  
 native and wild from Florida to  
 Nova Scotia. As a plant blossoming  
 or not blossoming it is impressive and  
 stately as well as exceedingly beauti-  
 ful.  
 The leaves are very erect, ovate, in-  
 clined, heart-shaped, very dark bottle  
 green, very lustrous, borne on stout  
 elongated petioles.  
 When the blossoms appear one can  
 never forget to grow, and which is  
 them, high above even the cat-tails  
 and rushes, peering, curiously, aloft  
 among the surrounding  
 greens. There is no other aquatic in  
 this country that is at all like the  
 one you see—ever see it. The  
 great blue spike of it towers aloft  
 eight feet high for weeks and weeks  
 thru the long hot summer, and is the  
 very bluest thing you can imagine.  
 Of course, a good pickered weed  
 plant should be at all suitable for  
 a small lily-pool. It needs rather  
 larger surroundings to set off its  
 beauty, and it needs the companion-  
 ship of tall rushes and some white  
 and pupils water lilies, a clump of  
 two of blue star grass and perhaps a  
 bush of sedum or two.

At any rate, if you cannot accommo-  
 date a specimen in your small pool,  
 keep a watch for the lovely thing all  
 thru the summer, it is almost certain  
 to be in company with the water  
 lilies and the rushes. There are many  
 places here and there about our town  
 where splendid tall towering spec-  
 imens may be seen. Look for pickered  
 weed.

 more activity in respect to religious

 zenship.

THEATRES

OUT OF THE FOLD.

"There were ninety and nine  
 That safely lay in the shelter of  
 the fold,  
 But one was out on the hills astray  
 Far from the gates of gold."  
 This is the basis of the play "Out  
 of the Fold," which Langdon Mac-  
 Cormack produced with very great  
 success at the American Theatre in  
 New York. Mr. MacCormack has con-  
 sidered the play for the Alexandra  
 Theatre next week. The story con-  
 tains a very strong heart interest.  
 There is a clever love story interwoven  
 in the play between the school  
 master and the school mistress. The  
 play is in four acts: the first of which  
 is laid in a village church, the second  
 on a farm, the third in the school room  
 and the fourth at the fishing pond.

THE FATAL WEDDING AT THE  
 GRAND.

When Theodore Kremer wrote "The  
 Fatal Wedding," he gave to the stage  
 an affecting and vivid domestic  
 drama, one which critics agreed would  
 have made a success at high prices.  
 It will be presented next week at the  
 Grand Opera House by the Phillips  
 Shaw Company. "The Fatal Wedding"  
 is not a sensational melodrama, but  
 relates a domestic story with charac-  
 ters with whom all of us are familiar.

LOEW'S YONGE ST. THEATRE.

A big show of all star acts, present-  
 ing an interesting and varied enter-  
 tainment, will be offered at Marcus  
 Loew's Yonge street Theatre the com-  
 ing week. The headline attraction  
 will be the Old Soldier Fiddlers, real  
 veterans of the Civil War, presenting  
 their big fiddling revue. Three Ben-  
 nett Sisters, clever athletic girls, will  
 furnish an interesting specialty. Nel-  
 lie Kingsbury, a clever farce comedy  
 actress, and Roscoe Munson will offer  
 "The Devil in Possession." Billie El-  
 iott and Billy Mullen, Fred Hillebrand,  
 Jack Birchley, and others will appear  
 on the bill.

SOCIETY GIRLS AT HIPPO.

The Society Girls, a miniature mu-  
 sical comedy, with Cal Dean and Marie  
 Fey handling the principal roles, will  
 be held in the Hippodrome next  
 week. Robert Henry Hoag, pre-  
 senting his uproariously funny comedy  
 sketch, "Bill Bithers, Bachelor," will  
 be a feature of the bill. Elsie White  
 and the "Girls From Songland" will  
 provide a pleasing offering. Harry  
 Cattalano, the singing comedian, has  
 a pleasing voice. Feature film attrac-  
 tions form part of an excellent bill.
