"We must refer the reader to the book itself for the many quaint traits of
character, and the minute personal descriptions, which, taken together, seem to
give a life-like presentation of this humble philosopher. . . . The many inci-
dental notices which the work contains of the weaver caste, the workman's
esprit de corps, and his wanderings about the country, either in the performance
of his work or, when that was slack, taking a hand at the harvest, form an interest-
ing chapter of social history. The completeness of the work is considerably
enhanced by detailed descriptions of the district he lived in, and of his numerous
friends and acquaintance."—*Athenæum*.

Scots (Ancient)—An Examination of the An-
cient History of Ireland and Iceland, in so far as it concerns
the Origin of the Scots; Ireland not the Hibernia of the
Ancients; Interpolations in Bede's Ecclesiastical History and
other Ancient Annals affecting the Early History of Scotland
and Ireland—the three Essays in one volume, crown 8vo, cloth
(pub 4s) Edinburgh, 1883

The first of the above treatises is mainly taken up with an investigation of the
early History of Ireland and Iceland, in order to ascertain which has the better
claim to be considered the original country of the Scots. In the second and
third an attempt is made to show that Iceland was the ancient Hibernia, and
the country from which the Scots came to Scotland; and further, contain a
review of the evidence furnished by the more genuine of the early British Annals
against the idea that Ireland was the ancient Scotia.
