Good work done by the city health department thru its nurses is shown by the great decrease in infant mor-tality testified to by a comparison between the death rate in 1914, which was 139 for June, and that of 1919, which was 70 for the same month. Careful supervision of the bables of the congested districts is kept by the nurses and all the bakles are examined at one of the 23 clinics distributed thru the city. The mothers are also instructed and given a book filled with information of interest known as the baby book.

From inquiries made by The World it seems that there is always a short-age of matches in July and August but owing to the hot weather start-ing in earlier than usual this year, the shortage began sooner than was expected. In addition to that occur-rence must be added the fact that more matches than ever before are being used, especially the two-for-five-cent boxes, which are the favor-ites with the returned soldiers. It would be a nice problem to work out as to how all the matches made

PLAYS' PICTURES AND MUSIC.

"Yes or No."

That the public realize that Edward H. Robins is giving them the very best in the way of entertainment is proven by the patronage that is being accord-ed "Yes or No," the comedy drama of women and their homes, which is the offering for the present week. So popular has "Yes or No" proven and so many requests have been received asking that this play be repeated one more week, that Mr. Robins, always striving to please his public has ar-ranged for its continuance all next week, commencing Monday evening, July 14.

One of the great factors of the play is the strong appeal that is made to both men and women for fairness towards each other, the great lesson being "judge not, that ye may not be judged." The novel manner of the resentation also make a strong appeal o the dramatic instinct that is in all

Next week's presentation will be dentically the same as this, no changes whatsover being made. As usual seats will be placed on sale this morning for all performances next week. The natinees will be Wednesday and Saturday.

It is a meri-torious offering and one which attracts the same people time and again. Tag Day For the Orphans To Raise \$300,000 Let Every Person Wear an Orphanage Tag---July 12th

The public are earnestly requested to give their support on the 12th of July to the ladies who will appeal to them in aid of the Loyal True Blue and Orange Orphanage.

For twenty years past, the work has been carried on in the Home at Picton, but as the result of the late war and the terrible epidemic that has recently visited our province, the calls for assistance to care for the motherless and fatherless have outgrown the capacity of the present building.

We are now soliciting the co-operation of every person interested in the welfare of children to enable us to erect a new home on the suburbs of the city that will provide accommodation for from two to three hundred children. This building will be known as the Loyal True Blue and Orange Home for Orphans and Neglected Children, and as a memorial to the thousands of members who sacrificed their lives in defence of King and Country.

Today sixty-eight little orphans and homeless kiddies are being sheltered, clothed, fed and educated in the Home. Some of these are children of Orangemen who fought for King and Country. and now sleep where the poppies grow in Flanders. Others are there because death robbed them of mother's love and father's care. We have children in the Orphanage whose parents never con-templated their loved ones would have to find shelter in charitable institutions. Today you are happily situated with your dear ones around you, but reverse may come. Will you not do your bit to assist us to erect a new building so that no child will be turned away for want of accommodation? This is not a Home restricted to care for only children of True Blues and Orangemen. A child in need is our first consideration, and the door is ever open to receive any child in distress, whether anything can be paid towards its maintenance or not.

If you are in sympathy with the work we are engaged in, contributions will be received and gratefully acknowledged by C. M. Carrie, Secretary of the Committee, No. 55 Queen Street East, Toronto, Local Committee in Charge-Hon. W. D. McPherson, H. C. Hocken, M.P.; W. G. Farley, Grand Master, L.T.B.; Wm. Fitzgerald, president, and Robt. Martin.

To friends desiring to assist by giving the use of their auto on Tag Day, please phone C. M. Carrie, M. 530, or College 3326, or Mrs. Fred. Armstrong, phone Parkdale 209.

A further appeal will be made to the General Public, Business Houses, Financial Institutions, etc.
