Montreal Live Stock. Montreal, Jan. 16.—(Special.)—Receipts of hogs were small again, there being only 700 on the market, for which the demand was keen from the smaller packers and dealers, and prices scored a further advance of 25 cents per 100 lbs., with a few selected lots at \$7.50 per 100 lbs., weight of cars.

The impression among larger packers is that prices have not reached the top, and at the above figures there is only a heavy loss in exporting. The cattle market was rather demoralized owing to the non-arrival of a number of the cars containing nearly all the small stock, and a good many of the cattle had been sold before buying to any extent.
