Who is to Blame

The secret session of the Board of Control took place yesterday after noon, after a meeting of the Parks and Exhibition Committee, at which an excellent program was furnished by the Islington Mctaodist Church hold which and exhibition Committee, at which some straight opinions were expressed, to the effect that the building could not be finished on time, and that the old main building would have to do duty, as formerly, for another year. The discussion resulted in the blame for delay being attributed to the Canada Foundry Co. who got the contract for the ironwork, but have displayed no hurry to fulfil it, thereby hampering contractors for the remainder of the work. A leiter was read of Miss Olga Streight, who gave several recitations. John Gardhouse presided, and J. D. Evans spoke.
