

6 MONDAY MORNING
LEPERS SOLD CHICKENS
AND NOW THERE'S A ROW

Superintendent of the Colony at
San Juan Has Been
Suspended.

San Juan, Puerto Rico, Aug. 23.—Acting Governor Hartzell has suspended Dr. Nater, superintendent of the leper colony at the entrance of San Juan harbor, and his assistant, Jose Aldrich, on the strength of a report of the acting director of charities.

According to this report, chickens and pigs raised by lepers had been freely sold in this city, and goats, rabbits, poultry and dogs had been herded in the patients' quarters in indescribable filth. It was added that paper money was circulated in the leper colony, and that as this money might possibly be used in other parts of the island it was considered dangerous, as likely to cause a spread of leprosy.

Interference between the leper colony and the mainland has been permitted. An old man who was not a leper was confined in the colony for years. All the regulations were violated. Aldrich has also been arrested on the criminal charge of transporting chickens from the leper colony, and has been fined \$50.

The acting Governor has ordered all animals in the leper colony to be killed to-day, and has declared that he will probe the scandal to the bottom. Director of Charities Osterhout is absent on his vacation.

Only the prompt action of Mr. Hartzell has checked a reign of terror in San Juan, caused by the discovery of the chicken incident, and the public is loud in its praises of the determined stand he has taken.

The inhabitants of the city are much excited, and are eager for further details, as heretofore it had been believed that the leper colony was a model establishment.

DEERING AND McCORMICK,
Composing the International Harvester Co. Make a Big Deal.

Duluth, Minn., Aug. 23.—A deal has been consummated by which the International Harvester Company of Chicago takes over the extensive iron ore holdings of the Deering Harvester Company on the Mesaba and Baraboo ranges for a consideration of about \$1,000,000. The International Harvester Company will manufacture its iron and steel, of which it consumes enormous quantities, from its own ore.

This means that the International Harvester Corporation has determined to follow the examples set by the Deering before it, and to control the raw material. The deal is easily the biggest of the year as affecting the iron industry, and is one of the most important in the history of the International Harvester Company. The deal was made last fall by a combination of the harvesting departments of the Deering and Deering Companies. The iron ore division of the Deering was not included in the combination, the International Harvester Company at that time being undecided as to whether it wished to produce its own ore. It now appears that the corporation has decided to do so, and the deal for the Deering iron properties bears this out.

The International Harvester Company as a result of this purchase has acquired the Hawkins mine at Nashua and the Agnew mine at Hibbing on the Mesaba range, the latter being in the new Baraboo district in Wisconsin, and two small properties at Crystal Falls. It is impossible to perhaps to give anything like an approximate estimate of the amount of ore tonnage thus placed at the disposal of the big harvester corporation, but it is probably not less than 75,000,000 tons. The Hawkins mine is a large property, containing according to one estimate 40,000,000 tons.

BABY WEIGHS 25 POUNDS.

Mrs. Boardley of Louisville Beats All Recent Records.

Louisville, Ky., Aug. 23.—A girl baby weighing twenty-five pounds was born to Mrs. Clark Boardley to-day. Dr. Samuel Manley and Robert C. Kenner, the attending physicians, regard this as one of the most remarkable cases on record. The average weight of a child at birth is about seven pounds. Dr. Kenner was able to deliver only one case on record where an infant at birth weighed as much as twenty-five pounds. This case was that of Mrs. Bates, wife of the late Capt. Bates. Mrs. Bates was six feet ten inches high. Mrs. Boardley's baby is a handsome one.

BURGERS AT BARRIE.

Barrie, Aug. 23.—(Special.)—The dry goods store of J. C. Irwin was entered by a pair of youthful burglars last night and a quantity of goods, besides \$5 in cash, was stolen. It was one of the most deliberate burglaries which have occurred here for some time, as an entry was forced through the rear window during the afternoon, and in the absence of the proprietor the burglars succeeded in carrying off a quantity of goods before being detected. They were, however, not yet been arrested, and the matter is in the hands of the local police.

The Banner Route.

There is nothing more assuring to the traveler than the knowledge of the fact that he is traveling on a firm road, upon which is laid the heaviest of steel rails, made true in all their curves, and that the train which carries him is of the highest standard of excellence known to railroads and is being guided to its destination by experienced minds. These are the conditions which become apparent to the frequent traveler on the Wabash line and which have made that line so famous. The Wabash has its own rails direct to the World's Fair Grounds in St. Louis. All Wabash through trains stop at World's Fair Station (Forsyth) in order to give passengers an opportunity to board the trains to the World's Fair Buildings. J. A. Richardson, District Passenger Agent, northeastern corner King and Yonge streets, Toronto.

GLADSTONE HOUSE.
Mecca of Visitors to City During the Industrial Exhibition.

A genial host, a scrupulously clean house, a carefully carried out system of internal management, bright, sunny and clean rooms for hundreds, all this is to be found at the Gladstone House in Parkdale, just east of the Queen-street subway.

On entering the front door, the visitor is greeted by the proprietor, Turnbull Smith, with his ready smile, a wealth of bright flowers, which cover the balcony and front porch, and a perfect concert of songs from a hundred or more singing canaries.

An air of cleanliness and brightness pervades the whole hotel. Situated on a corner, it has abundant light for the windows of every room, many of which view a splendid view of the lake. No better hotel could be found to accommodate a portion of the vast crowds that are coming to the Exhibition, for it is simply a matter of a ten-minute walk to the grounds, or five minutes by car, which passes the house every two minutes.

Turnbull Smith, the genial proprietor, business man, Jack of a hundred trades, who is devoted to his pet—the Gladstone House—has already received numerous applications for accommodation, and in view of this has early made ample preparation for at least four times the usual capacity of the hotel. Passing along the wide, neatly kept corridors, are seen comfortable spring cots piled up ready for immediate use, while on every floor and in sitting rooms, parlors, etc., are piles of mattresses ready to meet the requirements of hundreds. Rooms, new and more beds in them, giving opportunity for friends to be together, without being crowded, and as to the bill of fare it is the equal of anything in Toronto. Cleanliness, neatness, order and system is the rule of the house, and is fully carried out by Mr. Smith and his wife. The latter knows that good food must be well cooked to be appetizing. Everything at the Gladstone House is tempting and plentiful for the hungry and glad to be there for the most fastidious.

HOME FROM THE WEST.

Alex. Henser of Collingwood Thinks the Crop Will Be Light.

After a two months' tour of the Canadian Northwest, Alex. Henser, a well-known business man of Collingwood, is in Toronto en route home, with astonishing news of the crop prospects in that section. He was up to the most northern point reached by the Canadian Northern. Some of the country he has seen is very good, and some is very poor, and he found the wheat crop in some places to be disappointing. To-day settlements are dotting the territory where recently there was a vast expanse of prairie.

"I have never conceived of such progress," Mr. Henser observed to the World. "The settlers are rushing into the country in such numbers that it is impossible to house them. They are well supplied with money and many carry their farming utensils and household goods. The utmost difficulty is experienced sometimes in securing the slightest shelter, but the new settlers are at home at once. Every branch of trade is in good shape and new ground is being turned over daily.

"Coming in last week we passed six trains of fourteen cars each loaded with young men for the harvest fields. The demand for labor is so great that the Ontario agricultural districts go there, work in the Manitoba fields one season and then go on west to secure farms for themselves. The country is that the grain crop is very short in Manitoba this year. In addition to this, the wheat crop in the north is very poor. Several trains we passed out west of Winnipeg had every vestige of wheat taken from the windows. The damage to some sections has been enormous. I heard that in one neighborhood fifty thousand acres of wheat was utterly destroyed—cut by the hail.

"Farm labor and railroad section men are in greatest demand, but a kind of manual labor commands a high figure—\$3 and \$4 per day. Expenses are high, however, and proportionately there is less economy than is possible in Ontario. One curious thing is that you never see a railroad train come in or go out of Winnipeg with a vacant seat. Every car is jammed. It is like a bee hive in point of activity."

ATTACKS PASTEUR SYSTEM.

Italian Doctor Says Deaths From Hydrophobia Are Frequent.

Milan, Aug. 23.—There have been four deaths at Novara, in Piedmont, as the results of bites of a mad dog. This has aroused keen discussion as to the merits of the Pasteur system. It is stated that the persons who were bitten by this dog four who were treated by the Pasteur system died. The papers demand an inquiry into the cases, which were handled at the Pasteur institutions in Italy.

Dr. Dasta, professor of hygiene at the Perugia University, has written a violent article attacking the Pasteur system. He declares that deaths from hydrophobia were rarer before its adoption. The yearly average between 1875 and 1884 in France was 60, and in Italy 65. Since its adoption here Italy's average has risen to 85. About 3,000 patients are being treated every year.

GREECE WANTS CRETE.

Rome, Aug. 23.—Prince George of Greece has renewed the demand to have Crete annexed to Greece. The Italian Minister of Foreign Affairs, who assisted by the British and Russian ambassadors, supervisors of the administration of the islands, is considering the attitude of Greece in the present situation in Macedonia. It is thought that annexation would not be objected to by Turkey.

MURDER, DEATH AND MISHAP
Telephone Lineman and Plumbers' Apprentice Electrocutin in Ottawa.

DEADLY RIOTING IN BUFFALO
Railway Horror in Washington State—Little Boy's Bad Accident in Grain Field.

Ottawa, Aug. 23.—Two fatal accidents by electrocution occurred here to-day. Elmer Remond of St. Genevieve, 23 miles from Montreal, a lineman for the Bell Telephone Company, was killed at Elgin and MacLaren streets. He was sitting on a cable pulling a guy wire used to tie in contact with an electric wire. Remond had not the regulation rubber mats on, and, having hold of the wire by the right hand, a complete circuit was formed. He received a heavy shock and fell to the ground, a distance of about 30 feet, breaking his collar bone and suffering other injuries, from which he died. He came here last Thursday.

George Stone, aged 19, a plumber apprentice, was electrocuted in the College Institute building while examining some plumbing work in a lavatory. He had an ordinary sixteen-candle-power lamp in his hand and his right hand, from the bottom of an overturned bucket, received the shock. The flash was burned off his hand to the bone. There is some wonder expressed as to how a plumber should be so careless in such a situation, and it was said that a cross with outside wires is responsible.

An inquest will be held and evidence taken on that point.

Saved a Life; Lost His Own.

Nantucket, Mass., Aug. 23.—Albert, son of T. W. Syiver, one of the wealthiest citizens of Milwaukee, lost his life to-day because of the capsizing of a small cat boat in which he and his friends were sailing. They had rescued a man from a sinking boat when the boat was overturned by a sudden squall, capsized their own boat.

Murderer Caught on Raised Bridge.

Buffalo, N.Y., Aug. 23.—A clash between Italian and Polish laborers Saturday night resulted in the death of one, an ore handler, the fatal injury of another, and a good many bruised heads. There was a riot in the party. They had just quit work at the Minnesota ore dock, and were hundred yards from the dock, a gang of 100 Italians, employed in the dock, Rochester & Pittsburgh freight house. The two gangs came together on the dock, and a fight ensued. One of the Italians drew a revolver and began firing. The two Poles fell with bullets in their backs. The Poles, a man, turned upon the murderer, who ran down Michigan street, toward the Jack Knife bridge with an infuriated cry. He was crying, "Lynch him!" and "Kill him!" Two of the Italian's companions ran with him, and the bridge tender saw the Italians rushing toward the bridge with the mob in hot pursuit, and just as the Italians reached the bridge he started the machinery in motion. The bridge tender kept the machinery in motion until the end was reached, and then he turned the bridge over on top of it. A patrol wagon loaded with officers soon arrived, and the Italians were arrested.

Over 40 Feet Embankment.

Chehalis, Wash., Aug. 23.—An excursion train on the Northern Pacific, consisting of an engine and seven coaches, en route to the Elks' camp bake at Chehalis, was wrecked on a trestle bridge. The train was struck by a trestle which had been thrown down by a landslide. The engine and the first three coaches plunged into the water. The bridge was 40 feet high. The train was running at a speed of 30 miles an hour. The engine and the first three coaches were completely wrecked. The rest of the train was derailed. The bridge was 40 feet high. The train was running at a speed of 30 miles an hour. The engine and the first three coaches were completely wrecked. The rest of the train was derailed.

Reaper Severed Boy's Leg.

Morden, Man., Aug. 23.—A shocking accident which occurred near Deerwood terminated fatally in the hospital last evening. Late on Wednesday afternoon, Norman, the three-year-old son of William Harnar, wandered into a field of grain around which his father was cutting. The child was not as tall as the grain and was not noticed by the father till the boy was in the machine. The reaper severed the boy's leg. The boy was taken to the hospital, but he died. The father is heartbroken.

Ship Wrecked in Saginaw Bay.

Port Huron, Mich., Aug. 23.—When the steamer Hector arrived here yesterday morning she had on board the crew of the schooner Hector, who had been wrecked in Saginaw Bay on Friday. The Hector was struck by a heavy squall, which took out the mast and the boiler. The boat was sinking, the crew took to the lifeboats, and after drifting some hours were picked up by the steamer.

Negro Riddled With Buckshot.

Henderson, Texas, Aug. 23.—Joe Sanders, a negro accused of having attempted criminal assault on a young girl last night, was shot to death to-day by a posse of citizens who went to his home. Sanders was standing in his door when the men approached. He was struck by four loads of buckshot.

Farmer's Head Cut Off.

Dexter, Mich., Aug. 23.—Investigation is being made by the police of the death of William Benz, Jr., a prominent young farmer of Lima Township. When Mr. Benz returned home yesterday evening from a day's visit at his father's, he found a pool of blood on the kitchen floor, and a trail of it to the barn. He followed the trail and found his father's head lying on the ground. The body lay with the head nearly severed.

Cut Wife's Throat on the Street.

Washington, Aug. 23.—August Schaefer, an employee of the government printing office, tonight killed his wife, Catherine, upon whom he had been separated, at the corner of Fourth-street and Massachusetts-avenue, by hitting her throat with a razor. Schaefer was arrested.

Another Auto Killing.

Cleveland, Aug. 23.—While climbing a hill toward Little Mountain, a summer resort, 25 miles east of here last night, an automobile was suddenly and suddenly became unmanageable and started backwards down the hill. At the bottom it was upset, and Mrs. W. H. Kirkpatrick, one of the occupants, was killed. The other three were seriously injured.

Found \$2200 in Gold in Old Stamp.

Wilkes-Barre, Aug. 23.—William Beller, while chopping down a stump at his home, found a gold stamp yesterday found a bag of gold coins, containing 110 twenty-dollar gold pieces. The wood had grown until they were quite hidden. Old residents say they believe the money was hidden by an outlaw who was driven from that part of the country many years ago.

Go to Collingwood With the Old Boys on Aug 27th.

PUBLIC AMUSEMENTS.
When the Coldstream Guards' Band arrive in Toronto on Sunday, Sept. 6, they will be greeted and welcomed at the station by over 100 bandmen in uniform, as the members of military bands in Toronto have decided to turn out to do honor to the first band in the army belonging to the oldest regiment. When they give their first concert in Massey Hall on Monday afternoon and evening, Sept. 7, and again on Tuesday evening, Sept. 8, there will be a large number of people from outside places. A party of members from the Victoria Club in Buffalo are arranging to come, and several bands from neighboring towns are arranging special parties to listen to the only other appearance of the band in Toronto is on Tuesday morning and afternoon at the Exhibition, and the band will appear the following day at Hamilton, and will then visit Brantford, London and the principal cities in Western Ontario. They will appear at Ottawa on Sept. 10, and at Montreal on Sept. 28 and 30, and after that they proceed to the Maritime Provinces, sailing on Oct. 10.

The opening at Shea's to-day has been eagerly awaited by hundreds of dancing men and women. Shea is offering a bill of great merit and undoubtedly his efforts will be rewarded by crowded houses all the week. The program consists of a variety of acts, including a singing change act, Pat Rooney and Emma Francis, who have no competitors in the way of dancing at Hamilton and Saint John. In a new sketch entitled "The Wireless Telephone," Stanley and Wilson, of the Manchester Chamber of Commerce, in a society monologue, Artie Hall, the genuine Georgia Gai, Humes and Lewis, and the kinetograph.

No matter how warm the weather is in the city there is always a pleasant breeze at Hamilton and Saint John. Vaudeville is liked just as much in the summer as in the winter. People, providing the performance can be witnessed in comfort. Judging from the past, the program will be the best of the season. Among those who will appear are McCloud and Melville, harpists; Elwood and Maggie Beaton, and a change act, Don Gordon, trick bicyclists; Willis and Farnum, acrobatic comedians.

Star Theatre Opening.

The Star Theatre opened its 1908-9 season on Saturday night with a costume pretty theatre and a bill of very good vaudeville acts blended together to make one of the most interesting and entertaining shows ever put on at this house. It was no time till the R. S. O. signs were displayed, and the house was turned away. The show is clean, bright and musical, many new and novel numbers being introduced, especially good being "When the Jugglers Normans do come really marvelous things; Frank Finney is as funny as ever, and is received with great applause.
